**AMERICAN SOCIETY OF PLUMBING ENGINEERS
A NON-PROFIT ORGANIZATION - Local Chapters
are not authorized to speak for the Society**

**David Townsend, CPD
President, C.I. Chapter of ASPE**

February is here and we have some great upcoming topics for our Chapter Meetings for the next few months. I hope everyone can make plans to attend our meetings. If you haven't heard previously, ASPE selected a new Executive Director. William Smith, previously ASPE's Director of Technical and Regulatory Affairs and Interim Executive Director was selected to fill the role of leading the Society. You can read more about ASPE's new Executive Director in later sections of this newsletter.

Have you ever thought about taking a leadership role in our local chapter? Our 2015-2017 officer elections will be held in May this year, and we are looking for motivated individuals that want help our chapter grow. You can submit your name to me and any position that you may be interested in and we will get you on the upcoming ballot. In future issues of our newsletter, we will give an overview of the officer positions and duties associated with them.

Be on the lookout in our newsletters for information regarding our Membership Appreciation Day at the Indianapolis Motor Speedway coming in May. This is one our best attended events and we are excited to be able to offer this event again this year.

Hope to see everyone on the 19th at our February meeting.

Larry Fox, CPD
President, ASPE Evansville

Greetings from Evansville ASPE!

Even though the calendar says it is winter, we have had very little bad weather here in southern Indiana. I even saw 6-8 Robins gathered on a lawn the other day. I hope that means that spring is not far away.

Mark your calendar and clean your sticks! Our third annual Golf Scramble will be June 25 at Cambridge Golf Course. I have faith that this year will be one of our best as far as the weather goes. More details will follow in the next newsletter.

We had a communication problem with our January sponsor and 3 days before the meeting found out that the sponsor was unavailable for January. Greg Farmer our Education Chair stepped in and presented a program on "Flow in Drains and Storm Drainage Systems". I would like to thank Greg for pulling us out of a tough situation and filling in on such a short notice!

Our second annual ASPE/JATC Product Show is February 25 from 2:00-8:30pm at the Plumbers and Steam Fitters Local 136 Union Hall. Same place as last year. Brian tells me that this year's show will be larger than the first! We welcome those vendors that will be participating to stay and attend our February ASPE lunch meeting the following day. I guarantee we will have some good down home southern food to eat!

I hope you will join us at our next meeting on February 26. Lubrizol will be our sponsor. A formal invitation will follow.

See you at the next meeting and bring a guest.

FOR IMMEDIATE RELEASE

For more information, contact Gretchen Pienta: gpienta@aspe.org

William Smith, FASPE, Named ASPE's New Executive Director/CEO

Chicago, Illinois (January 28, 2015) — The American Society of Plumbing Engineers (ASPE) is pleased to announce the appointment of William M. Smith, FASPE, as the Society's new Executive Director/CEO. Smith joined the ASPE staff last year as the Society's Senior Director of Technical and Regulatory Affairs, serving as the Society's main liaison with the plumbing industry's code writing and standards developing organizations. In his new role, Smith will be responsible for the administration, management, and financial operations of the Society, as well as implementing the policies and procedures established by the ASPE Board of Directors. He will provide professional administrative and management support and financial expertise to ASPE's local Chapters and for all Society activities and programs. In addition, Smith will continue to represent the interests of ASPE and the plumbing engineering community in code and standards activities as well as serve as a technical resource for the ASPE staff and membership. He will continue to build and maintain relationships with other industry organizations to ensure that the public's health and safety are kept at the forefront of legislation and regulations regarding plumbing system design, installation, inspection, and maintenance.

Smith joined ASPE in 1993 as an Affiliate Member and is currently a Full Member of the Society. He assumed a leadership role in 2002 when he was appointed to the ASPE Board of Directors as Society Affiliate Liaison, and during his tenure the position evolved into Vice President, Affiliate. Smith also served as Chair of ASPE's Exhibitors Advisory Committee for several years. He was elected to ASPE's College of Fellows in 2012 and received ASPE's Distinguished Service Award that same year.

William M. Smith, FASPE

"Mr. Smith has served ASPE for a very long time in many different roles and is well known and respected in the industry. He is very knowledgeable and dedicated, and this has been proven many times through his tireless efforts to ensure the continued success of this Society," says ASPE President Mitch Clemente, CPD. "I am looking forward to working closely with him and am confident that our members will be just as excited as I am to have Mr. Smith as our new Executive Director/CEO."

Smith began his plumbing industry career in 1981 as a Plumbing Product Designer for Jay R. Smith Mfg. Co., a leading manufacturer of quality engineered plumbing and drainage products. He subsequently served as a Senior Sales Engineer and then was promoted to Engineering Manager and finally Regional Sales Manager covering both Jay R. Smith and Acorn Engineering product groups.

In addition to his involvement with ASPE, Smith has actively participated in the codes and standards development activities of other industry organizations, including the American Rainwater Catchment Systems Association, ASSE International, ASME International, ASTM International, CSA Group, the International Association of Plumbing and Mechanical Officials, International Code Council, and Plumbing and Drainage Institute.

"I would first like to express my gratitude to the Society Board of Directors for appointing me as ASPE's Executive Director/CEO. This is a great opportunity that I humbly accept," Smith says. "I'm extremely excited to have the chance to continue working closely with the Society's Board of Directors, our talented staff, our membership, and the industry as a whole—particularly to ensure that the public's health and safety are kept at the forefront of our respective collaborative efforts."

Dann Homes
ASPE Region 2 Affiliate Liaison

If you're like me, you've hit the ground running this year. Travel in January took me to Toronto, Las Vegas and Chicago.

I attended KBIS 2015 (Kitchen & Bath Industry Show) held at the Las Vegas Convention Center January 20-22. This show was held in conjunction with IBS 2015 (NAHB International Builder's Show). This annual event draws in nearly 125,000 residential design and construction professionals including engineers as well as manufacturers and their product management teams.

What's different about the AHR Expo from KBIS/IBS show is not only the HVAC/R focus but it is tailored more for the engineering community.

This was a great opportunity for me to meet with manufacturers from abroad looking to enter the NA marketplace. I spoke with quite a few companies seeking advice on exactly how to do this.

Exhibitors at KBIS/IBS showcase their latest products and designs as well as the improvements they've made in technical performance. Focusing on plumbing related items, you'll find everything from bar & bath faucets, bath sinks, bathtubs, kitchen faucets, kitchen sinks, showers, shower enclosures and water closets.

As you can imagine, each country has unique performance and health effects testing as well as regulatory requirements. Although the United States and Canada try to harmonize many of their standards and tests, this can still be a daunting and confusing task for someone unfamiliar with them. With confusion comes unwarranted expense.

You'll also find everything that is hidden behind our walls including all varieties of pipe, fittings, valves, backflow devices, and every pipe joining method available to the industry. You should experience KBIS/IBS for yourself. Mark your calendar. It will be held January 19-21, 2016 at the same venue.

With that said, look for new and innovative companies to add sales engineers and reps firms as they seek product approvals from certification bodies and state authorities so they enter into an already competitive market.

What seemed to be an immediate turnaround, I spent a day recuperating from Las Vegas and headed right back out. This time to attend the 2015 AHR Expo (ASHRAE) held in Chicago. This show shattered an all-time attendance record of 62,000. People traveled from 140 different countries to experience this HVAC/R event.

You may wonder what I found to be one of the most interesting announcements made. It may be long overdue but you will see press technology developed for the refrigeration market on your local distributor's shelves soon!

As always, please feel free to contact me at:
Dann Holmes – ASPE Region 2 Affiliate Liaison
NSF International – Business Development Manager
dholmes@nsf.org or (734) 214-6222

Tech News Now:

Technical:

I would like to thank everyone for taking the time to attend our January meeting. I would also like to thank Mike Tierney with Metropolitan Industries for presenting a very informative session on the design and application of sump and sewage pumps. Also, I would like to give a special thanks to Henry Nichols and Affiliated Steam for sponsoring yet another luncheon and speaker. Your dedication to helping educate the members of our chapter as well as our industry is very much appreciated!

For our February meeting sponsors, we have Bob Sapienza with RJS Associates and Jeffrey Pickle, President of UltraFlo Systems who will educate us on the application of domestic water plumbing manifold systems. Among other things, they will go over the different types of systems, benefits and disadvantages, as well as design concerns. More detailed program information is listed elsewhere in this issue.

See you at our next meeting!

February Meeting Preview

Using Manifold Systems in Homes and Businesses

Course Outline:

- Types of Manifolds
 - A. Central Manifolds
 - B. Remote Manifolds
 - C. Heating Manifolds
- Central manifolds
 - A. Installation Details
 - B. Current system types offered
 - C. Benefits of Manifolds;
 - D. Design Concerns for Manifolds
- Remote Manifolds
 - A. Using a remote manifold with a 1070 device Commercial application
 - B. Remote manifold with recirculation lines
- Summarize manifolds
- Q&A

Speaker Bios:

Jeffrey L. Pickle, Co-founder and President of UltraFlo Systems, LLC

Jeffrey has over 29 years' experience in the plumbing industry with senior product marketing and sales roles with Kohler/Sterling, Broan/NuTone , Armstrong Industries and Tasman Sinkware.

Bob Sapienza, President RJS Associates

Bob Sapienza is the president of RJS Associates, a manufacturer's representative and consulting agency that represents brands in Indiana, Illinois and western Ohio. He has over 27 years' experience in the plumbing industry in senior sales and marketing roles with Delta Faucet, Kohler, Kaldewei, Jacuzzi, Seagull and Tigre. RJS Associates currently represents UltraFlo Systems, US Saw, Houser Sinks, BK Resources, Pro Glas and EZ Flow.

Central Indiana ASPE Board Meeting

January 9, 2015

Attendees:

Pete Dervenis, Dan Cummins, David Townsend, Gary Borgmann, George Russell, Tim Wolfe, Frank Bruggner, Rick Dodd

Meeting called to order at 11:30 a.m.

Old Business

Treasurer's Report: Finances remain solid. Dues rebates from ASPE haven't been received.

Technical Report: Two meetings are still without sponsorships. Dept. of Health is scheduled for next September. Possible future meetings: Fuel Gas Code updates and Rainwater Catchment.

New Business

CPD Recertification: Chapters are now required to provide CEU's instead of PDH's.

Member Appreciation: Fast Friday or Carb Day? Pete will investigate the differences in cost.

Golf Outing: August 7th or July 31st? Pete will try to schedule for August 7th.

ASPE Roster: Our roster seems to be incorrect. Membership status' are being listed incorrectly.

The next BOD will be February 13, 2014

The meeting was adjourned at 12:45pm.

Respectfully submitted by:

George Russell, CPD
Corresponding Secretary

Evansville Satellite ASPE Board Meeting

January 8, 2015

AGENDA (Larry Fox, Sam Schenk, Steve Sitzman and Greg Farmer present)

President - Fox

- a) Shirts for ASPE/JATC Trade Show
 - i) Sam to follow up with Brian Lowe about progress.
- b) Larry to contact Kyle Trick concerning the possibility of being a “back-up” speaker if necessary.

Vice President Technical – Schenk

- a) Meeting sponsors. (Have been assigned through May 2015.
- b) Lunch menu for January.
 - i) Fried chicken, Italian green beans and potatoes.

Vice President Membership – Buechlein (Not present)

- a) Evansville ASPE membership report.

Treasurer – Lowe (Not present)

- a) Treasurer’s report
- b) Trade Show report

Secretary – Steve Sitzman

- a) Monthly lunch seminars for member and non-members.
 - i) All engineers, designers and architects will still receive a free lunch, but only ASPE members will receive credits for approved seminars.

6. Education Chair - Farmer

- a) Sign-up sheet for trade show CEU’s

EVANSVILLE SATELLITE

7. Old Business

a) Golf Outing.

Greg will be contacting Rolling Hills Country club for pricing and availability.

Brian will be contacting Evansville Country club for pricing and availability.

b) Trade Show update

c) Flyers for trade show (Brian has updated)

8. New Business

a) Trade show cards.

i) No cards for this years show. To be revisited for next years event.

b) Electronic flyers to be made ASAP to send out.

i) Brian and Steve to put this together.

1)Flyers to contain "Save the date", vendors having booths, times, etc.

9. Next General Meeting – January 22.

10. Next Board meeting – February 5.

And we have the extensive product line to prove it.

When you're specifying for the next big job, you're also putting your name on the line. That's why T&S offers a vast selection of high-quality products that meet required codes and compliances — no matter the application. And with a companywide commitment to staying at the forefront of today's evolving industry, it's no wonder engineers everywhere rely on T&S when it matters most.

For in-depth product information, crossover assistance and other helpful resources, visit tsbrass.com.

WE KNOW PLUMBING.

T&S plumbing products represented in Central Indiana by: Aspinall Associates, Inc. - 317-849-5757

CI-ASPE 2014 – 2015 ADVERTISING RATES:

All annual advertisement(s) are printed from September through August. Any partial year advertisement(s) will be pro-rated accordingly. If you would like to have your Business Card(s) or other pre-approved Advertisement(s) printed in our monthly Newsletter, please email them to George Russell at (george@tec-mep.com). Invoices will be sent out for the advertisement(s) that you have requested to be printed in our Newsletter.

1. Business Card: \$50.00 per year, per card (In Newsletter Only)
2. Business Card: \$100.00 per year, per card (In Newsletter w/ Your Website Link)
3. Full Page Advertisement: \$75.00 per page, per month.
4. Half Page Advertisement: \$50.00 per month.
5. Quarter Page Advertisement: \$35.00 per month.

NOTE: A \$25.00 convenience fee will be added to your total invoice if you or your company is NOT a current ASPE member.

The deadline for Business Card(s) and other Advertisement(s) to be included in the following month Newsletter is the 25th of each month. Send your Advertisement(s) to us today.

If you have any questions, please call George Russell at (317) 636-3941; or Pete Dervenis at (317) 509-9831.

As Always, THANK YOU for your Central Indiana ASPE Support!
