**AMERICAN SOCIETY OF PLUMBING ENGINEERS
A NON-PROFIT ORGANIZATION - Local Chapters
are not authorized to speak for the Society**

Larry Fox, CPD
President, ASPE Evansville

I hope everyone had a wonderful CHRISTMAS and enjoyed some time off with their families. It is hard to believe that another year has gone by! Evansville ASPE is in its third year and continues to grow.

Mark your calendars!!! The second annual ASPE/JATC Trade Show is coming February 25. If you are a vendor and interested in having a table at the trade show please contact Brian Lowe at brian.lowe@ferguson.com. A flyer is included in this newsletter with more details of the trade show. For our members it will be an opportunity to visit with the vendors and review their latest products and ask questions without being pressured for time! CEU's will be available for time spent on the floor. We will be seeking members to volunteer their time for this very worthwhile event. We are also requesting that members invite facility managers. This will be a great time for them to get a "hands on" experience with the products that are available to them. Door prizes and food will also be included in this FREE event!

The Evansville ASPE third annual golf outing is coming this spring. We are looking at having this event at the Evansville Country Club. We do not have a date finalized.

Upcoming meeting sponsors:

February – Lubrizol

March – TBD

April – Culligan

May – Hydronic & Steam

Please join us for our next meeting on January 22. The sponsor will be ADT Drains.

Hope to see you there!

Dann Holmes
ASPE Region 2 Affiliate Liaison

Santa was certainly kind to me this year! Anytime I can witness the excitement on the faces of young children opening gifts they weren't expecting is a blessing to me. I must have been a good boy in 2014 to be able to experience such happiness. I shouldn't tell you but it's what I ask Santa for each & every year.

I trust the recent holidays and this past year were good to you too. I plan to continue with the same positive attitude that I had in 2014 throughout 2015. I'm starting out my New Year by attending as many ASPE Chapter meetings as I can. A well presented subject offers so much education.

But, as much as I plan to attend any ASPE Chapter meeting in Region 2, there always seems to be other industry events calling me away. January 19th – 23rd sends me to Las Vegas for KBIS 2015 (booth N1649), followed by the AHR Expo 2015 in Chicago the 25th – 29th (booth 1470). If you happen to be attending one, or both of these events, please stop by so we can visit. I'll recap these trade shows in my next article.

This is the time of year when we update our files, file folders and mark all our e-mails read. If you're like me, I tell myself I'll stay current with this day-by-day. Yeah...right. That's wishful thinking.

Here's wishing a successful and prosperous New Year to you, your families and your employer. Without this combination working like a well designed plumbing system, life becomes too stressful. Make 2015 better than any year before it.

As always, please feel free to contact me at:

Tech News Now:

Technical:

Greetings to all! I would like to wish everyone a Happy, Healthy and Prosperous New Year! I hope you all enjoyed the holidays. Are you ready for a brand new year!?! Will you do anything different than the year before? I'm not much for making resolutions, but I am looking forward to this year.

To start off our new year, with regard to our monthly ASPE meetings, we have Mike Tierney with Metropolitan Industries who will present on the "Design and Application of Self Priming Sump/Sewage Pumps" for our January meeting. Mr. Tierney, along with Henry Nichols of Affiliated Steam will co-sponsor this luncheon. Details are listed elsewhere in this issue. I hope you will be able to join us.

For those of you ASPE members who hold a CPD, you've probably received an email notification informing us of the changes to the recertification program effective May 1, 2015. This From what I understand, they will no longer use the term REU (Recertification Units, or PDH (Personal Development Units). All units will be measured in CEUs. I'm not sure how this affects us at the chapter level as we issue credits for our seminars, but I plan to get a clarification to this and will share with you the results.

I look forward to seeing you at our next meeting.

Gary Borgmann, CPD VP Technical, C.I. Chapter of ASPE

Evansville ASPE-JATC Product Show

American Society of Plumbing Engineers – Joint Apprenticeship Training Center

It's starting to get cold outside so it must be time for our second annual Evansville ASPE - JATC product trade show. Once again your local Evansville ASPE chapter has teamed up with the JATC, UA Local 136 and Mechanical Contractors Association of Southern Indiana to bring a product trade show to Evansville on February 25th, 2015 at The Local 136 Union Hall. We would like for you to be a part of this event. As a group, we are going to bring a mixture of Plumbing, HVAC, Refrigeration, Automation & Controls and other products for the plumbing and piping industry.

The following are some of the key points you need to know about the trade show:

- **Location:** Plumbers and Steam Fitters Local 136 Union Hall, 2300 Saint Joseph Industrial Park Drive, Evansville, IN 47720.
- **Product Show Date and Hours:** The show will be on February 25th, 2014 2:00 – 8:30 PM CST.
- **Hands-on:** We have made it a point to all exhibitors that this is a hands-on event. All exhibitors will have the products you use and/or specify on display.
- **Door Prizes and Giveaways:** We will have some very nice prizes given out throughout the evening.
- **Food:** We will have finger foods and soft drinks/water available for attendees and exhibitors from 4:00-7:00 PM.

We are really looking forward to this event and think it will be a big success for our industry. Please don't hesitate to contact me if you have any questions.

Thanks

Brian Lowe

Ferguson Enterprises / Evansville ASPE Treasurer

January Meeting Preview

Design & Application of Self Priming Sump/Sewage Pumps

Course Outline:

- Typical Commercial Self Priming Pump System
- Typical Commercial Building
- Types of Sump and Sewage Pumps
- Submersible Pump
- Wet Pit Column Pump
- Self-Priming Pump
- All Three Types are Centrifugal Pumps
- Centrifugal Pump Configuration
- Enclosed Non-Clog Impeller
- All Three Types Have Similar Internal Workings
- Self-Priming
- Advantages of Self-Priming Design
- Comparison of Installations
- Limitations of Self Priming Design
- Practical Suction Lifts at Various Altitudes and Temperatures
- Total Dynamic Head
- Where to Apply Self-Priming Pumps

Speaker Bio:

Michael E. Tierney — National Sales Manager for Metropolitan Industries

Tierney joined the National division of Metropolitan in 2003 and is responsible for developing and supporting a network of sales partners throughout the US. Tierney started his career with Metropolitan in 1985. From 1987 to 1999 he held various positions with increasing responsibility, including manufacturing division production supervisor and control equipment design specialist. In 1999 he assumed local outside sales responsibilities. Tierney has over 29 years of experience in the design, manufacture and application of custom engineered pumps, controls and packaged solutions for the commercial and municipal markets.

EVANSVILLE SATELLITE

Evansville Satellite ASPE Board Meeting

December 11, 2014

Attendees:

Larry Fox, President
Sam Schenk, Vice President Technical
Brian Lowe, Treasurer
Greg Farmer, Education Chair

Old Business

ASPE / JATC second annual trade show date was set for February 25, 2015.

There was discussion about changing the start time to 2:00 p.m. to accommodate local Engineers, Designers and Facility Managers. The cost will be \$250.00 per table for vendors. A sign-up sheet will be provided for those who need Professional Development hours. You will get credit for time spent on the floor.

Brian to check on long sleeve shirts with ASPE logo for Board Members to wear while at the show.

John brought up having cards with trade show information on them for distributing to Engineers, Contractors and Facility Managers.

Sam Schenk and Larry will join Brian Lowe, Mike Borman and Jason Blondin to help organize the ASPE JATC Trade Show.

Flyers for the Trade Show will be available in January.

Brian is checking on Oak Meadow and Evansville Country Club for possible 2015 Golf outing.

Meeting Sponsors

Sam to contact Don Werner with Hydronic Steam with a date for meeting sponsor.

Larry mentioned that George Link, Architect would not be available for January.

Greg to check with Lubrizol to see if they would be available for January in lieu of February.

Culligan has expressed interest in sponsoring a meeting. Greg to follow-up with Jeff Gore local Rep for Culligan.

Treasurer' Report, Brian Lowe

Treasury is on solid ground.

New Business

None.

Next Board Meeting, January 8, 2015, 11:00 a.m. at Red Fez.

Larry Fox, President
Evansville, ASPE

And we have the extensive product line to prove it.

When you're specifying for the next big job, you're also putting your name on the line. That's why T&S offers a vast selection of high-quality products that meet required codes and compliances — no matter the application. And with a companywide commitment to staying at the forefront of today's evolving industry, it's no wonder engineers everywhere rely on T&S when it matters most.

For in-depth product information, crossover assistance and other helpful resources, visit tsbrass.com.

WE KNOW PLUMBING.
