AMERICAN SOCIETY OF PLUMBING ENGINEERS
A NON-PROFIT ORGANIZATION - Local Chapters
are not authorized to speak for the Society

Gary Borgmann, CPD
President, C.I. Chapter of ASPE

I want to apologize for not getting out the newsletter earlier. We'll make sure that doesn't happen again! I hope you all had a nice summer and got to spend lots of time with your family and friends. The summer season always seems to go by much faster than the winters do! Again, I want to thank all of you who participated in our annual Golf Outing. We had perfect weather and our attendance was on par (pun intended) with our best previous year's attendance. We couldn't have done it without the generous support of our Manufacturer's Reps, Wholesalers and Individuals!

We have a great lineup for this year's monthly meeting seminars. Dan Cummins and I have been busy setting up some great topics. You can find the updated seminar schedule listed elsewhere in this issue. We will be presenting CEU's to all of those in attendance that request them.

The ASPE Technical Symposium is coming up October 1st – 4th in St. Louis. If anyone is attending, please let me know. We would love to know which of our chapter members are attending. They have a great lineup for their technical sessions that you can earn up to 13.5 hours of CEU's, and the trade show portion has grown with each event. The last time I heard, they have 21 exhibitors committed. St. Louis is a great city with lots to see and do!

I'll see you at the next meeting,

Pure Freude an Wasser

EVANSVILLE SATELLITE

Sam Schenk, CPD
President, Evansville Satellite
Chapter of ASPE

Hello Evansville ASPE!

As fall approaches, I am sure we will all be happy to see a break in the weather. Hopefully we will have a long stretch of mild weather to enjoy being outdoors, the upcoming Fall Festival, and the start of football season.

Everyone should have received the invitation for our meeting this month. It is on September 24th at the Red Fez downtown. The presentation is on seismic restraint and will be presented by Ross Fazekas with FACO. Please remember to RSVP by Tuesday, September 22nd.

Our next meeting will be on October 22nd. Please keep an eye out for the email detailing the topic and presenter. We have a few open dates left for sponsorship. If you would like to be a sponsor, contact Greg Farmer, myself, or any other chapter officer and we can help.

Tech News Now:

Hello,
 Our first meeting of the season will be September 17th and we will start it off with Suzanne Mouser from the Marion County Health Department, and Commercial Codes.
 The lunch topics that we have scheduled so far will be listed elsewhere in the newsletter.
 Central Indiana ASPE is developing the technical program for 2015-2016 and still need to fill April and May.
 We appreciate all of the feedback received thru the evaluation forms, emails, etc., regarding suggested program topics. Please let myself or Gary know if you have a topic that may be of interest.
 As always thanks for your support.

Indiana Association of Building Officials

2012 InPC Design, Installation and Inspection Principles

A training seminar sponsored by the Indiana Association of Building Officials, Inc. a chapter of the International Code Council, Inc.

Indiana Association of Building Officials will host a seminar on October 15, 2015 to present and discuss 2012 InPC Design, Installation and Inspection Principles. This course will be presented with Indiana amendments and significant differences with the 2005 Indiana Residential Code.

Date: October 15, 2015

- Registration will begin at 8:30 a.m.
- Class will start at 9:00 a.m.
- There will be 1 hour for lunch
- Class will conclude at 4:00 p.m.

Cost:

Member: \$125, this fee will cover instructor and materials

Non-member: \$150, this fee will cover instructor and materials

Lunch is not provided.

Location: Brownsburg Town Hall, Eaton Room, 61 N. Green St., Brownsburg, IN 46112

PAYMENT:

PLEASE DO NOT PAY IN ADVANCE FOR THIS PROGRAM. INVOICES WILL BE SENT OUT AFTER THE PROGRAM.

The Course is worth 6 contact hours/ .6 CEUs.

Class Information:

Participants will be better able to understand and apply the critical concepts required to safely and efficiently design, install and inspect plumbing installations in accordance with the 2006 *International Plumbing Code (IPC)*, with 2012 Indiana amendments. Participants will benefit from understanding the core principles needed to correctly interpret and apply the code.

During this training, participants will be listening to lecture and viewing examples, as well as discussing sections of the IPC that pertain to plumbing system.

Goal: Upon completion of this course, students will be able to provide key information on the Design, Installation and Inspection Principles based on the 2006 *International Plumbing Code (IPC)*, with 2012 amendments.

2012 InPC Design, Installation and Inspection Principles

Objectives: Upon completion of this seminar, participants will be better able to:

1. Identify code enforcement issues and key code sections.
2. Describe the application of the code to inspection, plan review and code enforcement.

Instructor: Gerald C. Flanik, MCP

Gerald C. Flanik is an ICC-Certified Master Code Professional (MCP) holding over 30 various certifications and licenses. He is a LEED BD+C Accredited Professional and Certified Floodplain Manager. Throughout his career, Jerry has been responsible for a diverse array of design build projects.

Mr. Flanik serves as the Chief Building Official for the County of Lake, State of Ohio Building Department and is an adjunct faculty instructor at Lakeland College in the Civil and Electrical Engineering Departments. Gerald holds a Bachelor of Science Degree in Mechanical Engineering, Bachelor of Science Degree in Electrical Engineering from Cleveland State University, as well as a degree in Civil Engineering Technology. Jerry is currently working towards a Masters of Science in Mechanical Engineering at Cleveland State University.

Jerry teaches multi-disciplinary courses for Lakeland College, Ohio Building Officials Association, State of Ohio Board of Building Standards, and the International Code Council. He teaches structural and non-structural IBC, all IRC, IMC, IFGC, IECC, IPC, Accessibility, Green Building, LEED (Leadership in Energy and Environmental Design), and administrative topics.

Please register no later than two weeks prior to class date. Registrations received after Thursday, October 1st will not be guaranteed class materials at the time of class.

Cancellation Policy - **All cancellations must be received in writing no later than October 1, 2015 to avoid penalty.** All late cancellations and no shows will be billed \$50. Faxed cancellations must be verified they were received. It is the responsibility of the registrant to make the verification. Emergencies will be dealt with on an individual basis.

Login Information: If you choose to login into your account, your email address is your username and then click on "Reset Password" to set up your password.

Please register online: [2012 InPC Design, Installation and Inspection Principles](#)

Thank you,
Indiana Association of Building Officials

ASSE Michigan Chapter's

College of Plumbing Science & Technology Basic Plumbing Design Seminar

Thursday September 24th, 2015

What does the Seminar Cover?

This seminar will provide an understanding of the science & technology associated with plumbing design, code & standard review and construction inspections & commissioning information for plumbing systems. This material is not covered in most mechanical engineering classes. Attendees will learn about the plumbing codes, plumbing product standards and how plumbing systems should be designed to operate safely and efficiently.

Save on Installation and operating Costs!

Attendees will learn Green Plumbing Design Technology and how to design, lay-out & install plumbing systems to save money on installation costs and operating costs.

Who should attend?

Plumbing designers, HVAC/mechanical engineers, CAD operators, sales representatives, wholesalers, inspectors, and Installers & Contractors who want to increase their knowledge & understanding of plumbing systems.

Who: ASSE Michigan Chapter

What: Plumbing Science & Technology Basic Plumbing Design Seminar

When: Thursday September 24th, 2015, 8am - 5pm

Where: Plumbing Industry Training Center 1911 Ring Drive, Troy, MI 48083

Why: This seminar will provide an understanding of the science & technology associated with plumbing design, code & review of plumbing standards.

Near-by Madison Heights, MI Lodging:

Days Inn (248) 583-7000

Fairfield Inn (248) 588-3388

Extended Stay America (248) 583-5522

Residence Inn (248) 583-4322

Hampton Inn (248) 585-8881

ASSE Michigan Chapter's

Plumbing Science & Technology: Design Seminar, Part 1 - Outline:

Thursday September 24th, 2015

7am – 8am Registration

8:00 am Review of Plumbing Codes, Plumbing Product Standards, Energy and Water Conserv'n Codes & Standards (LEED, IgCC, UGCC, ASHRAE 90.1, ASHRAE 189.1)

9:00 am San. Waste & Vent System Design & Code Review.

10:00am - Mid-Morning Break

10:15 am - Review of Pipe Hanger & Support standards, types and placement considerations.

10:45 am - Review of Valves, Piping Materials, Joint types, Fittings & Accessories

11:15 am - Gravity Storm Drainage & Siphonic Roof Drain Systems & Code Review.

12:00 noon - Lunch 45 min's. (Lunch Provided)

(Luncheon lecture on: CAD, BIM, Revit & Navisworks Construction Coordination Techniques)

12:45 pm - Domestic Cold Water Supply & Distribution Systems Design & Code Review

2:15 pm - Afternoon Break

2:30 pm - Domestic Hot Water Systems: Water heater Sizing, Hot Water Systems design and Accessories to control scalding and Legionella. Code review.

4:00 pm. - Fuel Gas Piping Systems, Pipe Sizing, Materials, Joints, Routing, Code Review

5:00 pm - Certificates Distributed

About the Instructor:

This class will be taught by Ronald George, CPD, President of Plumb-Tech Design & Consulting Services LLC. Mr George has over 36 years' experience designing plumbing systems and providing code & standard consulting. Mr. George has been a columnist for Plumbing Engineer Magazine since 1994. He has worked on the Plumbing Design of The Detroit Lions Stadium, MGM Casino, many hospitals, hotels, labs and many major projects around the country. He also performs forensic investigations of plumbing & mechanical system failures on a regular basis. He has gained considerable insight into how things can go terribly wrong if they are not designed, installed or maintained properly. He will share many of these experiences with the students.

This class will allow attendees to gain valuable skills and reference materials to help perform plumbing system design, piping layouts, load calculations and pipe sizing for Sanitary Waste & Vent, Domestic hot and cold water, storm and fuel gas piping systems in the future.

Cost

Other training classes like this cost as much as \$600.00 per day. This class is only \$450.00 and you can use the \$250.00 discount coupon in this flyer and the cost will be \$199.00. (Members of: ASSE, ASPE, ASHRAE, ASHE, NSPE, ASME or any Inspector association in Michigan qualify for the Discount.) Hurry! The class size is limited!

CEUs

We will give CEUs for attendees in the form of a Certificate of Attendance Documenting the Contact hours in each category. Non-Members who pay the full price will be given the option to join one of the sponsor organizations. (Subject to membership restrictions for each organization)

Plumbing designers, HVAC/mechanical engineers, CAD operators, sales representatives, wholesalers, inspectors, and installers & Contractors who want to increase their knowledge & understanding of plumbing systems.

**ASPE Michigan Chapter's
College of Plumbing Science & Technology
Basic Plumbing Design Seminar**

The Michigan Chapter of the American Society of Sanitary Engineering (ASSE) International is affiliated with the International Association of Plumbing and Mechanical Officials (IAPMO). ASSE is a Standards development organization founded in 1906 in Washington, D.C. by Henry B. Davis and a group of plumbing inspectors from cities across the United States. They gathered to discuss how plumbing systems were installed in various parts of the country.

ASSE develops plumbing product standards and professional qualification standards for the plumbing industry. ASSE's motto is "Prevention Rather than Cure" The ASSE Michigan Chapter provides members with opportunities to meet at chapter meetings and they provide an annual awards banquet where they give out awards to recognize industry leaders in engineering, contracting, backflow prevention, product representation and special awards for outstanding achievements and contributions to the plumbing industry.

New! ASPE TEXT ALERTS

As part of ASPE's ongoing efforts to streamline member services, members now have the option to receive membership renewal reminders via automated SMS texts. We recognize that our members' time is valuable and that not everyone checks their snail mail and email on a daily basis for the membership renewal invoice, so we are introducing the SMS renewal reminder as a free service.

If you opt-in, two messages will be sent to your cellphone if you have not renewed your membership. The first message will be sent fifteen days prior to your membership expiration date, and the second message will go out on the day of the expiration date. You will be provided with a number to call in your membership renewal payment in addition to a link that will connect you to our online renewal system.

If you would like to participate, please click here: <https://aspe.org/user>. Log in with your username and password, add your cellphone number to your record, and please make sure you click the "opt in" box, which will give ASPE permission to send you renewal reminders via SMS.

If you have any questions, please contact Stacey A. Kidd, Director of Membership & Meetings, at skidd@aspe.org.

Note: SMS text messaging will not take the place of all retention efforts. ASPE members will continue to receive their renewal invoice via mail and email.

Speaker Bio:

Suzanne Mouser

Suzanne Mouser graduated from Whiteland Community High School in 1981. She graduated from Indiana University in 1985 with a B.S. in Radiologic Sciences (Nuclear Medicine program). Suzanne has worked at the Marion County Public Health Department for 29 years and in her current position as Plan Review Specialist for 25 years.

September 24, 2015 MEETING ANNOUNCEMENT

All you want to know about Seismic Restraints? Join us for this month's Evansville ASPE meeting.

-
- WHAT:** *Seismic Restraint* by Ross Fazekas (FACO)
WHERE: Red Fez, 6 Walnut Street, Evansville, IN ([click here for a map](#))
WHEN: Thursday September 24, 2015; 11:30am CST
LUNCH: Lunch is FREE for ASPE members, engineers and designers compliments of FACO; for all others, lunch is \$15.

PRESENTATION TOPIC:

We will be discussing Seismic Restraints.

OUR PRESENTER:

Our presenter, Ross Fazekas, is the owner of Faco LLC, a position he has held since 2005. He is responsible for the day-to-day operations of the company along with covering sales for the southern half of Indiana. Prior to that, his tenures with Faco included installing the company's first computerized accounting system network in the 1980's, accounting, sales, while starting out assembling parts in the warehouse. He earned a B.S degree in Business Management from the Indiana University Kelley School of Business in Bloomington, IN in 1988.

Some of Ross' projects have included but are not limited to: designing and supplying thermal expansion joints for steam lines for Eli Lilly & Co. and city of Indianapolis, designing and supplying all of the flexible piping that runs the perimeter of Lucas Oil Stadium, thousands of flow control balancing valves and coil piping valve packages throughout Indiana, and pump flow conditioning improvements at Cook Pharmica, IU, and Cummins.

Faco is a manufacturer representative company formed in 1965 and headquartered in Indianapolis, IN. They have additional offices in Evansville, IN and St. Louis, MO. Faco covers the territories of Indiana, Kentucky, southern Illinois, and eastern Missouri. They specialize in HVAC hydronic specialties, plumbing, wastewater and water valving, electrical, fire protection, seismic and vibration control, and industrial valving and accessories.

Please join us for our discussion about Seismic Restraints. Mark your calendar, bring a colleague and join us Sept. 24th. Please **RSVP** as soon as possible to VP Technical Sam Schenk at Schenk@bcclt.com or (812) 423-4407.

Central Indiana ASPE Board Meeting

August 14, 2015

Attendees: Pete Dervenis, David Townsend (via Teleconference), Gary Borgmann, George Russell, Frank Bruggner, Steve Hullett

Meeting called to order at 11:09 a.m.

Old Business

Treasurer's Report:

Bank account remains healthy with payments for Golf Outing sponsorships still coming in.

2015 Golf Outing

Pete reports that the annual Golf Outing was once again a very successful event for the Chapter.

Website Hosting

David reported that we are updating to a much newer technology that will allow for easier self-managed content. The provider is including maintenance in their minimal monthly fee.

The anticipated launch date is September 1st barring any unforeseen issues.

New Business

There is a Past ASPE Member Recruitment Rebate of \$90 currently being offered by National. This makes the cost of membership \$100.

A brief discussion took place regarding the potential for another satellite chapter in the Ft. Wayne market. That is being investigated for merit and interest.

The meeting was adjourned at 12:00pm

Respectfully submitted by:

Steve Hullett, CPMR
Administrative Secretary

And we have the extensive product line to prove it.

When you're specifying for the next big job, you're also putting your name on the line. That's why T&S offers a vast selection of high-quality products that meet required codes and compliances — no matter the application. And with a companywide commitment to staying at the forefront of today's evolving industry, it's no wonder engineers everywhere rely on T&S when it matters most.

For in-depth product information, crossover assistance and other helpful resources, visit tsbrass.com.

WE KNOW PLUMBING.
