**AMERICAN SOCIETY OF PLUMBING ENGINEERS
A NON-PROFIT ORGANIZATION - Local Chapters
are not authorized to speak for the Society**

Gary Borgmann, CPD
President, C.I. Chapter of ASPE

Greetings to all! If you've been reading the newsletter then you'll know that we held our first ever ASPE meeting in Fort Wayne, Indiana on January 28th. The attendance was not large, but those that did come seemed genuinely pleased and excited about the possibility of ASPE holding more educational meetings in the future. It was a pleasure to finally meet some of our Fort Wayne members as well as some other fellow colleagues, and hopefully future members! The folks at Don Hall's Guest House were extremely accommodating, the food was great, and the facility was very nice. Maybe one of our member reps would like to sponsor the first educational luncheon program in Fort Wayne? Contact me or Dan Cummins to sponsor a meeting in Fort Wayne or in Indy. We are starting to fill the dates for the 2016 – 2017 year of seminars.

For our February ASPE meeting back at the Northside K. of C., we'll have a seminar about designing domestic booster pump packages. Hydronic and Steam will be the sponsor for this seminar. More detailed information is included elsewhere in this edition.

I'll see you in February

Chapter of ASPE

Hello Evansville ASPE!

Only 8 weeks till this year's trade show on March 30th. Booths are filling up quick! If you are interested in registering for a booth, contact Brian Lowe.

I would like to thank Jim Bach from Ashworth-Train Associates for an informative presentation at last month's luncheon on 3D faucet printing and cutting edge technology from American Standard.

We have another great presentation lined up for this month at the Red Fez downtown. Mary Beth, Marketing Director and Associate for Lochmueller Group, will be discussing how to write an effective proposal.

Members present will be entered to win a \$25.00 gift card at the meeting. Board members are not included so your odds of winning are good! If you're currently not a member, please contact John Buechlein for a membership application.

Region 2 Affiliate Liaison Report

Having just returned from the 2016 AHR Expo in Orlando, FL, one wonders how many industry professionals attended this annual event and what is the state of the HVAC/R industry.

Although the official numbers are not available at the time of this writing, early indications show this to be the largest AHR Expo ever in the southeast. Preregistration stood at 32,509. The last time the show was in Orlando the figure was around 28,000.

Keep in mind, weather along the northeastern corridor caused many flight delays and cancellations.

AHR is claiming 60,000 eventually walked the exhibit floor. If this is correct, then this rivals expos held in Chicago and suggests the health of HVAC/R industry is quite good.

Exhibitors of all types were there. Legend introduced their new HyperPure PE-RT tubing available in sizes up to 2". Dow Chemical was in their booth as part of this historic market launch. This new product carries a listing for hot and cold potable water use and as an added bonus, manufactured in the USA.

Uponor displayed their new 3" PEX along with the Milwaukee expansion tool specially designed to work with their joining method. It should be noted, this too is manufactured in the USA.

Victaulic was certainly proud to talk about their new coupling designed to handle steam applications up to 150psi. The groove is set further back than you might be accustomed too so be sure to contact your local representative for additional information.

Aquatechnik NA now has their certification listings for their PP-RCT fusion piping system. You can be sure you will be hearing much more about this product in the future. In fact, Plumbing Contractor Magazine recently wrote a story about this in their November 2015 issue.

Trust me when I say there were many more innovative products on display but I do not have enough space in our newsletters to give manufacturers and the ASHRAE educational seminars their just deserve. I would like to improve on this in the future.

It was a pleasure seeing Billy Smith, Executive Director/CEO of ASPE along with Brian Henry, Director of Affiliate Relations at ASPE working the show floor. You can image Brian was pulling out all the stops seeking corporate sponsors for the 2016 ASPE Convention and Expo in Phoenix, AZ in late October.

Certification bodies were well represented too including the CSA Group, Intertek, ICC-ES, TUV SUD America, IAPMO, Radiant Professionals Alliance, UL LLC, and NSF International.

Start planning today to attend both the 2016 ASPE Convention and Expo in Phoenix from October 28 to November as well as the 2017 AHR Expo in Las Vegas from January 30 to February 1.

Show your industry support and let us work together make our industry attendee numbers the largest they have ever been.

Regards,

You can reach me at:
