AMERICAN SOCIETY OF PLUMBING ENGINEERS
A NON-PROFIT ORGANIZATION - Local Chapters
are not authorized to speak for the Society

Gary Borgmann, CPD
President, C.I. Chapter of ASPE

From the President:

Summer is ending and with September now here, we resume our monthly meetings. I hope everyone enjoyed their summer with family and friends! The highlight of my summer was the solar eclipse! We drove to my wife’s family farm near Nashville to watch it. It was quite an amazing event. I got a few good photos of totality to remember the event by. Actually, we are looking forward to the next one in seven years. We won’t even have to leave the farm to watch it!

So, our September meeting will be on Thursday September 21st at the usual location, the Northside K of C. Our sponsor and speaker will be Shawn Dunahue with Armacell LLC. Shawn has a vast degree of experience with insulation. Shawn will be discussing the Insights into Why and How of Mechanical Insulation. You will find more details in this issue.

In September, we also are holding another meeting in Fort Wayne. The meeting will probably have been held by the time you read this, but Dave Parney with the Cast Iron Soil Pipe Institute will present on the Benefits of Cast Iron DWV Pipe. Whether it’s PVC, or Cast Iron, every piping material has their best suited applications and it’s important to know what to use and when. We will try to hold a meeting in Fort Wayne every other month. We have a schedule of what we have listed so far elsewhere in this issue. We are looking for speakers, so if you are interested, contact me. Stay tuned for new dates and topics.

Next month we’ll have Ken Rutherford with Amtrol here to discuss Commercial Expansion Tank Applications at our Indy meeting.

I hope to see you soon,

Gary Borgmann, CPD

September Lunch-N-Learn Preview

The Insight into Why and How of Mechanical Insulation

Course Outline:

1. Define the major types of insulation used on Residential and Commercial systems
2. Define physical characteristics of mechanical insulation
3. Explore various applications and conditions for insulation
4. Explore benefits of mechanical insulation on hot water systems
5. Explore Code Considerations for plumbing and mechanical systems

Speaker Bio:

Shawn C. Dunahue

Shawn is a graduate of Wabash College and has spent 27 years employed in the Building Products and Construction Industry and has 13 years specializing in the Insulation Sector – Plumbing/Mechanical, Thermal Envelope, HVAC and Industrial Systems. Shawn is the Sales and Marketing Manager for the Plumbing Division/Polyethylene Insulation with Armacell LLC. Shawn was the director of Marketing for Knauf Insulation, the Technical Sales Manager for Nomaco Insulation as well as the U.S. Sales Manager for GSW water Heating (A.O. Smith – Canada).

“My career path has allowed me many privileges and has encouraged me to develop and concentrate my focus and interests. One interest that consumes much of my passion is working to develop sustainable and efficient systems. It could be working to reduce emissions and fuel demand, to simply making a building more cost effective to operate, healthier to occupy and comfortable for all occupants. There are a lot of ways to incorporate cost effective solutions to improve operational expenses, system performance and lessen energy or water consumption. I am driven to look for and help implement continuous improvements that will improve people’s lives for generations to come.”

EVANSVILLE SATELLITE

September Lunch-N-Learn Preview

Commercial Plumbing for Water Efficiency

Course Outline:

1. Describe test procedures used by manufacturers to ensure high efficiency products deliver high performance. Impact of MaP test scores and WaterSense listing.
2. Understand how federal, state and local guidelines impact the selection of high efficiency plumbing products.
3. Recognize LEED baseline changes and strategies for additional water use reduction.
4. Comprehend how new product design impacts performance and consumption.

Central Indiana ASPE Board Meeting
August 11, 2017

Attendees: Pete Dervenis, Gary Borgmann, David Townsend, Frank Bruggner, George Russell

Meeting called to order at 11:40 a.m.

1) Treasure's report

Bank account is holding steady. ASPE Dues rebates have been received and are up to date. Only one (1) outstanding non-golf outing invoice.

2) Golf Outing

Stats: 113 golfers, 67 hole sponsors. 15-20 invoices still outstanding. The condition of the course was disappointing.

3) Ft. Wayne Membership

CI-ASPE needs to work with vendors and suppliers in Ft. Wayne to help grow the membership in that part of the state.

5) Indy Membership

CI-ASPE needs to work with vendors and suppliers in Indianapolis to help grow the membership in that part of the state.

6) Officer Training Videos

All officers must watch the ASPE training video and take the short test for their office.

7) New Business

Current web host is becoming unresponsive. We will change to a new host.

Next board meeting September 8th at Enverity's Office (11:30 am)

Respectfully submitted,

George Russell, CPD
Corresponding Secretary
