**AMERICAN SOCIETY OF PLUMBING ENGINEERS
A NON-PROFIT ORGANIZATION - Local Chapters
are not authorized to speak for the Society**

Gary Borgmann, CPD
President, C.I. Chapter of ASPE

From the President:

I hope everyone is staying nice and warm these days! Man, its bone chilling cold out there! Something we haven't seen in a few years. At least it will help kill some annoying bugs! I have enjoyed the snow though. We haven't seen much of that the last couple years either. It was nice to have a white Christmas for a change. By the time you read this it will probably have changed and warmed up and we'll all be in short sleeves!

We have another Fort Wayne ASPE meeting scheduled for January 11th. Pat McQuillan with New Age Castings will present on Epoxy Coated Cast Iron Soil Piping. You may not get this notice in time to attend, but we have sent out a flyer to those in the Fort Wayne area. If you would like to be on this mailing list, please let me know and I'll copy you on future events. One additional note, the Parkview Field folks ask that we enter through the Admin. office doors off Ewing Street. You can still park in the Silver lot to the south.

Our Indy ASPE meeting will be on January 18th. Mark Madden and Colby McCorkel with Moen will be discussing "Optimizing Water Efficiency in Commercial Buildings" touching on the Green Building movement and water efficient plumbing fixtures and practices. Also some solutions for increasing water efficiency. Should be very enlightening! Feel free to invite a coworker, but don't forget to RSVP to me too!

We will have Jack Wintrow in February talking to us about water softener basics and how to apply value engineering to these systems. If there are any topics you would like to see, feel free to let us know and we'll try to arrange it.

See you at the next meeting,

Gary Borgmann, CPD
