**Gary Borgmann, CPD
President, C.I. Chapter of ASPE**

From the President:

It's hot outside and I need a pool! Some of you may recall that sales pitch line from the Watson's girl. Just trying to be humorous! Anyway, I hope everyone is staying cool and hydrated with all this hot muggy weather. We do have a few things this summer to look forward to though. On Thursday, **August 2nd** we have our joint **ASPE/Delta meeting and tour of the new Delta R & D facility**. There's more detailed information posted in this issue. Hurry though; you need to RSVP to Pete by July 26th.

And of course we have our annual **ASPE Golf Tournament** on Friday **August 3rd**. It's right around the corner, so get with Pete if you would like to play, or sponsor a team or hole. The folks at Ironwood are letting us play the "Ridges" course in lieu of the Valley's this year, so we'll play the Lakes and the Ridges this year. You will find more info in this issue.

The **ASPE Convention and Exposition** in Atlanta is from September 28th through October 3rd. The ASPE business meetings for the delegates start on Saturday Sept. 29th and Sunday Sept. 30th. The Expo starts on Monday Oct. 1st. I'm sure it will be bigger and better than before. This year they are having an "Awards Breakfast" with the Keynote Speaker on Monday Oct. 1st. They are also offering a factory tour with SyncroFlo that will earn you CEU's as well as the classroom tech sessions. As with every convention, we will be electing new officers. Our President, Mitch Clemente has led our society for the past four years now and personally, I appreciate his steady and dedicated leadership. This year's delegates will be myself (Gary Borgmann), David Townsend, Pete Dervenis, Sam Schenk, and Steve Sitzman. If you plan to attend the convention, you should do it soon. Hotel rooms will go fast! You can find all the information you need at the ASPE.org website and the ASPE Pipeline newsletter. Our Central Indiana chapter held a drawing for a full convention registration, but at the time of this writing, we have had no response which makes me wonder why. We may extend the deadline if there are no takers, so if you do want to attend, send us your name.

We are looking for monthly luncheon technical session sponsors/speakers, so let us know if you have any topic suggestions, or would like to sponsor a tech session either in Indy, or in Fort Wayne. Talk to me, or Bryan Lee for available dates.

SENATE ENROLLED ACT 125 (2018)

INDIANA UTILITY REGULATORY COMMISSION (IURC)

This handout summarizes the changes to Indiana Code regarding the new responsibilities and requirements for certain underground utility excavators and underground facility operators, as implemented through Senate Enrolled Act (SEA) 125. The bill was signed into law by Governor Eric J. Holcomb on March 15, 2018, and will become effective as Indiana Code chapter 8-1-26.5 on **July 1, 2018**.

CONTRACTOR RESPONSIBILITIES

Any contractor that is required to register with the Indiana Secretary of State's office (i.e. a "filing entity") must include a signed statement saying that the entity and its employees will comply with Indiana's "Call Before You Dig" law (Indiana Code chapter 8-1-26).

The required statement can be written on a business entity report if your report is due within 90 days. Otherwise, please submit the statement by paper with a \$30 filing fee to the Indiana Secretary of State's office. The statement must be signed by, or on behalf of, a person authorized to sign the filing under Indiana Code 23-0.5-2-1.

Contractors already registered with the Indiana Secretary of State's office must also include the signed filing stating they will comply with Indiana's "Call Before You Dig" law. This can be done by following the process described above.

Any contractor that is a **filing entity** and entering into a contract with a communications service provider or utility to excavate or engage in demolitions must provide documentation to the communications service provider or utility that they are registered with the Indiana Secretary of State's office and have signed the compliance statement.

The IURC may refer out-of-state contractors that fail to register with the Indiana Secretary of State's office when required and that violate the "Call Before You Dig" law to the Indiana Office of Attorney General for a civil penalty up to \$10,000.

OPERATOR RESPONSIBILITIES

Utilities and communications service providers must ensure they receive proof from excavators that they are registered with the Indiana Secretary of State's office (if required) and have signed the required compliance document.

Upon request of the IURC or the IURC's Pipeline Safety Division, utilities and communications service providers must provide the requestor (either the IURC or the Pipeline Safety Division) a list of their contractors operating in Indiana. The request can be made only once per calendar year, unless the request is related to an investigation under the "Call Before You Dig" law.

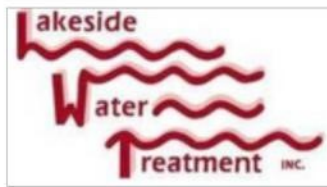

What is a FILING ENTITY?

- A "filing entity" means a business corporation, a nonprofit corporation, a limited liability partnership, a limited partnership, or a limited liability company. (see Indiana Code § 23-0.5-1.5-11)
- Filing entities are required by law to be registered with the Indiana Secretary of State before conducting business in Indiana.

Sample statement: (Company) and its employees will comply with Ind. Code chapter 8-1-26.

To file the form or if you have any questions, please contact the Office of the Indiana Secretary of State: 200 W. Washington Street, Room 201, Indianapolis IN 46204 | 317-234-9768 | <http://www.in.gov/sos/2341.htm>

It will also provide a basis for the correct use and application of the code as well as to begin to develop a procedure for applying them. It will address the organization of the code and how it relates to the IBC family of International Code (I-Codes).
