AMERICAN SOCIETY OF PLUMBING ENGINEERS
A NON-PROFIT ORGANIZATION - Local Chapters
are not authorized to speak for the Society

David Townsend, CPD
President, C.I. Chapter of ASPE

From the President:

It's hard to believe that the Holidays are upon us already and that 2020 is winding down to the end. This will be the final newsletter of the 2020 season, and since December is such a busy month, we don't have a chapter meeting this month. The meetings will resume in January 2021. I hope everyone is able to get away from work and spend some time with friends and family over the holidays either in-person or virtually. I am looking forward to a few days off to unwind and relax.

We are still looking for some meeting sponsors and speakers for the 2021 year. Please contact us if you have a topic that you feel would be beneficial for the chapter. We can start scheduling for next year as well.

I would like to thank our November virtual meeting speaker, Michael Sokaris, for his presentation of "Polypropylene Vs. PVC/CPVC for Special Gas Venting". As I stated above, we give you the month of December off for the Holidays so there is no meeting this month. January we will continue with our online Zoom meetings. Please see info on January's meeting further in this newsletter.

Don't forget! The ASPE Alfred Steele Scholarship deadline is quickly approaching. All applicants that are qualified should submit their scholarship application by January 31st, 2021. ASPE awards up to \$3,000 to applicants interested in the plumbing industry.

Did you participate in ASPE's 2020 Digital Conference? I took advantage of the free Member Registration and participated in a variety of the tech sessions and the live sessions as well. I give thanks to ASPE for setting this event up for us that are required to earn CEU's. With the cancellation of the live convention, we were out of earning CEU's for it. In my opinion, I felt like the virtual convention was a great alternative.

I hope all have Merry Christmas and a safe and Happy New Year.

Until next month,

David Townsend, CPD
President – Central Indiana Chapter, ASPE

Tech News Now:

Holiday Greetings,

Our Central Indiana ASPE Chapter wishes all of you Happy Holidays. We hope everyone has a wonderful holiday season!

We would like to thank Michael Sokaris for presenting at our November meeting. Mike’s presentation on “Venting Systems” was very informative.

Our meetings will continue to be webinar based as we go into 2021. For our January meeting, we will be joined by Tom Halley of Sencillo Systems. Tom will be presenting on “Booster Pump System Design”. We welcome Tom to present to our local ASPE chapter and look forward to hearing the information he will share with us.

We appreciate all the support we receive from our members and sponsors and look forward to seeing all of you in 2021!

Dann Holmes
ASPE Region 2

Settling In

Region 2 Director, Steve Kormanik, CPD, GPD is hard at work learning the ropes interacting with the ASPE Board of Directors (BOD). To begin with, meetings are now virtual which brings new challenges like having to get a new computer, loading programs, and trying to get everything to work properly. Fun.

On a recent Region 2 Presidents' conference call, Steve recognized and congratulated the chapters and individuals that help make us the best region in ASPE.

Steve also reiterated the Free Webinars available to our ASPE members. If you are not yet a member, the education available to you is priceless. Find a way to sign up now because non-members will need to pay \$25/webinar. CEUs will be available to you too.

ASPE is seeking feedback, comments and suggestions from Delegates who attended the Virtual Business Meeting. The BOD wants input to review and will be looking for ways to improve and enhance future virtual meetings. This is a learning process we are all experiencing.

If you are accustomed to receiving the ASPE Plumbing Engineer Magazine in your mailbox, look no further. ASPE and TMB have severed their contract of many years. Expect to see the ASPE Pipeline become your go-to-site for everything related to plumbing engineering. If you haven't already done so, bookmark it now. Visit www.aspe.org, login, and click on the Publication & News tab and then the ASPE Pipeline link. Ultimately, this will be a great opportunity for ASPE to increase our content and messaging. You may wish to add content here at some point in the future. Stay tuned.

Coming soon is the Virtual 2020 ASPE Expo & Technical Sessions. These will happen on December 1, 2, & 3 and will also be free to members. I'm registered, are you? If not, do it now!

Keep an eye out for one of Steve's early goals of his term, a Region 2 calendar. The intent will be to include chapter meetings, events, activities and other special dates of interest. He is collecting data from our chapters now and building a template around the information we will want to know.

I wish all of you a wonderful Thanksgiving Day celebration with your family members while continuing to practice thorough hand washing and physical distancing. Why physical? Because we still need to be social.
