**AMERICAN SOCIETY OF PLUMBING ENGINEERS  
A NON-PROFIT ORGANIZATION - Local Chapters  
are not authorized to speak for the Society**

**David Townsend, CPD**  
**President, C.I. Chapter of ASPE**

**From the President:**

Happy Thanksgiving!

Hello ASPE members and friends of ASPE. It seems as though the year is quickly passing by. I am ready to put 2020 behind me and welcome in the new 2021 year. It is the month of thanks which I am thankful for the health and safety of my family and myself. We made it this far in 2020.

Last month we held our first “in-person” meeting since February. The turnout wasn’t where I would have liked it to be, but I realize the time we are in right now. A big thank you goes to our speaker and sponsor for the October meeting.

We are gearing up for the November Chapter Meeting as we speak. The board decided to hold the November meeting virtually only. We took the state of the pandemic and probable attendance into consideration and concluded that an online meeting would best fit for this month. We will look into returning back to in-person meetings after the first of the year. You can register for the online meeting online at ASPE’s Education website. Follow the link found in the meeting info in this newsletter. The meeting will start online at noon on November 19th.

Have you heard of ASPE 2020 A Digital Experience? With the cancellation of the 2020 Convention and EPE, ASPE has created a virtual education and expo opportunity. December 1st – 3rd will be the dates for this online experience. You can register on ASPE’s website under the 2020 convention link. The great news is that the event registration is free for ASPE members. Get online and register so you can earn your CEU’s for the year.

I would like to let you know that we will not have a meeting in December. We always take the month off for the Holidays. We will continue our chapter meetings in January 2021. If you have any topics that you would like to see at one of our meetings, please email Bryan Lee or myself, and we will work toward providing the topics that are of interest to our attendees.

Until next month,

**David Townsend, CPD**  
**President – Central Indiana Chapter, ASPE**

## Tech News Now:

Greetings,

Due to a lower than expected turnout at our last meeting as well as the recent rise in COVID cases, we have regretfully decided to move our ASPE Central Indiana Chapter meetings back to a webinar format for the foreseeable future. Our meetings will still be held on the third Thursday of the month. They will take place at either 11:30 a.m. or 12:00 p.m. depending on available times with ASPE organization. All members who plan to attend the meetings will need to register under their ASPE.org account. We will be sending a link to the meeting next week. You will also be required to complete the presentation survey to receive CEUs. Certificates will be available through your account. We welcome our Evansville and Fort Wayne members to join us!

We want to thank Dave Tvergyak of Hubbell Water Heaters and Jack Holmes of Relcon for presenting at our October meeting.

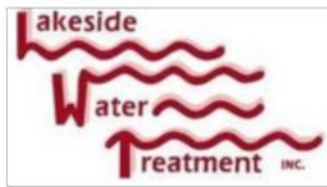

We are excited to have Michael Sokaris of Centrotherm present at our November 19<sup>th</sup> meeting. He will be presenting on "Polypropylene vs. PVC/CPVC for Special Gas Venting." We thank Michael Sokaris and Michael Henderson of P.M. Associates for their sponsorship and support of our ASPE Central Indiana Chapter.

Although we are moving back to online meetings, it is very important that we stay in contact and have as many members as possible attend.

Thank you all for your support!

**Speaker Bio:**

Michael Sokaris

Director of Sales & Marketing for Centrotherm

As part of the USG leadership team, Michael serves as the Director of Sales & Marketing for North America. Michael has been with Centrotherm for 3 1/2” years where he and his team support the needs of HVAC and Hydronic Engineers, Mechanical Contractors, Original Equipment Manufacturers and Wholesale Distributors across North America. Prior to joining Centrotherm Michael worked for Square D/Schneider Electric for over 20 years.

Today Michael will share how venting is evolving with the changes in heating equipment and how venting requirements are aligning with existing venting Codes and Standards. The presentation will stress how to vent safely (#ventsafely) in today’s world of high efficiency appliances/equipment.

# HELP WANTED

Mid/ Upper Level Plumbing Designer:

GMB Architecture + Engineering has an opening for a mid-level plumbing designer in their Indianapolis office.

Applicants must be able to design and layout plumbing systems for various building types (i.e. K-12, higher education, Industrial, corporate, etc.).

Applicant must be proficient in Revit/ CAD to create plumbing documents. GMB offers a flexible work environment and emphasizes personality/attitude/values/etc.

To apply or to receive more information about the position, please contact Andre Maue at [andrem@gmb.com](mailto:andrem@gmb.com)

RQAW: PLUMBING DESIGNER WANTED:

PLUMBING DESIGNER:

1. Applies knowledge of codes and construction industry standards to develop appropriate plumbing designs.
2. Work successfully in a team environment.
3. Perform field investigations to determine existing conditions.
4. Create schematic design reports and scope documents.
5. Prepare construction documentation, including drawings, piping diagrams, equipment selection, select plumbing fixture types, developing schedules, and edit specifications.
6. Review construction submittals for compliance with contract documents.
7. Minimum of 5 years' experience in Plumbing Design.

## **2019 – 2020 ADVERTISEMENT RATES:**
