**Gary Borgmann, CPD
President, C.I. Chapter of ASPE**

From the President:

It's November already! Is everyone ready for the holiday season!?! I do love all of the great Thanksgiving food. Also, I hope you all enjoyed the fall colors this year. If you haven't, get out there and take a nice scenic drive before they're all gone.

We had a great tech session at our October meeting. Bryan Lee did a nice job going over the history and legislation that brought about water use reductions. I'm sure some of you older guys and gals remember the first low flow toilets and how awfully they performed, especially the tank toilets! Thankfully the engineering finally caught up. One thing that surprised me was that according to studies, in cities, most of their energy is used to supply drinking water. We do tend to forget how important water is. It is the life blood of every living thing.

For November, we have Daniel Kovac with Striem Company coming to share his knowledge of interceptors and acid neutralization with us. You can find the full program outline elsewhere in this issue.

Hope to see you all at the November meeting!

Best regards,

**Gary Borgmann, CPD
President – Central Indiana Chapter, ASPE**

Brian Lowe
President, Evansville Satellite
Chapter of ASPE

From the President:

It's time for cold temperatures and the Holidays. I hope each of you get some quality family time as this crazy year nears the end. We will have our next meeting on Thursday December 2nd, 11:30am CST downtown at Comfort by the Cross-eyed Cricket, 230 Main St, Evansville, IN 47710.

October was a great month for Evansville ASPE with two in person events. Our Annual Golf Outing that included eleven teams and twenty hole sponsors. We are very grateful for all our sponsors and the fantastic weather. A big special thanks to McWane Technical Services for their Food Sponsorship and Porter Pipe & Supply for their Beverage Sponsorship. We also had a tour of the Evansville Water Treatment Plant that dates back to the 1800's. This was very eye-opening to see the history of the facility and also what it takes to give us clean drinking water. I would highly recommend if you ever get a chance for a tour, take advantage.

If you are interested in seeing a topic or giving a presentation, please contact Steve Sitzman ssitzman@ewsu.com. Our meetings will be the 4th Thursday of each month through May, with the exception of our Nov/Dec meeting on December 2nd.

Tech News Now November 2021:

Greetings,

We had a great turn out at our October meeting and even had a couple of new attendees. We look forward to seeing all of you again this month for our November meeting.

It was great being able to present to our members on “*Understanding Regulatory Compliance for Water Efficiency in Commercial Plumbing.*” The topic allowed for great open conversation from our attendees.

Our November meeting will be sponsored by Striem and Trick Marketing. David Kovac of Striem will be presenting on the design of Oil, Sand, Solid Interceptors and Chemical Waste Tanks. The presentation will focus on the following as it relates to the presentation topics:

- Applications for use
- Materials of construction
- Sizing methodologies, with examples
- Standards and certifications
- Design requirements

Our Central Indiana ASPE Chapter thanks Danial Kovac and Kyle Trick for their support and time to present to us.

Our next meeting will be held on November 18, 2021, at the Northside Events and Social Club. Time for fellowship is 11:30 am to 12:00 pm. The presentation and lunch start at 12:00 pm. We look forward to seeing all of you there. Please RSVP through the newsletter or ASPE.org website.

Thank you all for your support of our Central Indianapolis Chapter!

Bryan Lee

VP Technical, C.I. Chapter of ASPE
