CASPE
American Society of
Plumbing Engineers™

What is ASPE?

The **AMERICAN SOCIETY OF PLUMBING ENGINEERS** (ASPE) is the only organization dedicated to promoting the plumbing engineering profession to both enhance career opportunities for our members and ensure the health, safety, and well-being of the public through the design of safe plumbing, drinking water, and sanitation systems.

WHAT WE DO

Provide continuing professional education programs

Publish design manuals, tools, and standards

Host conferences, tradeshows, and networking events

Certify professionals skilled in plumbing system design

Promote safe and sustainable water and sanitation systems

Represent the industry in local and national government

Help develop safe plumbing and building codes and standards

OUR MEMBERS

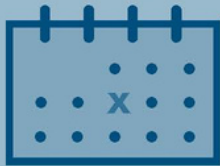

Our members are individuals working in various professions related to plumbing system design.

← What Is Plumbing Engineering?

Plumbing engineering is a vital part of the design/build construction process. Plumbing engineers use the principles of fluid flow with engineering calculations to design plumbing systems that transport fluids such as water, wastewater, natural gas, and rainwater throughout buildings.

BY THE NUMBERS

Founded in

1964

Number of Members Worldwide

6,500+

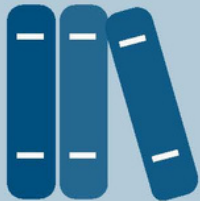

13 Elected Board Positions

66 Local Chapters

INDUSTRY PARTNERS

To achieve our goals, ASPE collaborates with the following organizations:

American Backflow Prevention Association	National Institute of Building Sciences
ARCSA	NSF International
ASHRAE	Plumbing Efficiency Research Coalition
ASSE International	Plumbing Industry Leadership Coalition
Canadian Institute of Plumbing & Heating	Plumbing Manufacturers International
CSA Group	United Association
IAPMO	Water Quality Association
International Code Council	World Plumbing Council

HOW YOU CAN GET INVOLVED

Our Chapters host monthly meetings, golf outings, tradeshow, seminars, picnics, baseball outings, and more fun networking events to help local professionals connect.

Hello everyone,

Thanks again for our November lunch n learn to Robert Svidron from Intellihot teaching about commercial tankless water heating. Lunch was sponsored by Top Marketing.

This month we are doing a Lawler Factory Tour for our engineers instead of our usual lunch n learn. There is a limit on the number of attendees so make sure to RSVP quickly before it fills up.

KRIS LONG
Sales Solutions Representative

Brownsburg, IN
Cell: (317) 956-9439
Office: (800) 842-8024
Fax: (317) 858-7711
klong@affiliatedsteam.com

Speaking of RSVP's, **please make sure you RSVP to our lunch n learns by the Monday before the lunch n learn.** We had a lot more attendees last month than had RSVP'd which is great but we almost ran short on food and tables setup. Also take a look at the upcoming events in this newsletter as we have a lot of events that we are putting together for next year.

ASPE news this month:

- The 2023 version of the Plumbing Engineering Design Handbook Volume 3 is now available and free to download for all members at aspe.org.
- The 2024 CPD Exam registration is open for anyone looking to be a certified plumbing designer. Exam dates are April 15-26.
- The 2024 ASPE Alfred Steele Scholarship applications are now being accepted. More info can be found at aspe.org/membership-global-community/

Hello,

This month's meeting will be a local plumbing factory on December 21st at the Lawler Manufacturing Company. They will be hosting a group of engineers to discuss their product and go through their installation and fabrication processes.

We appreciate the opportunity and look forward to the tour as a group.

Thank you to our members for their support of our Chapter and look forward to seeing you at the meeting.

Location: 5330 E 25th St, Indianapolis, IN 46218

NOTE: FOR MORE INFO EMAIL JOE KELLER, PRESIDENT@INDYASPE.ORG

An advertisement for Viega MegaPress G pipe fittings. The background is black. On the left, the text "MegaPress®G" is in yellow, "Press safer." is in white, and "Press bigger." is in large white letters. Below this, it says "Connected in quality." in white. In the center, there is a large, silver, T-shaped pipe fitting with a yellow ring inside the joint. To its left is a smaller, similar fitting. In the top right corner, there is a yellow and black logo with the word "viega" in white. The entire advertisement is set against a white background within a blue border.

Quick, safe connections on large diameter gas lines.

Viega MegaPress(R)G requires no open flames or added cost of fire watch, so projects are safer and more profitable. Installers can secure gas pipe up to 4" in 16 seconds or less, saving 60-90% on labor costs. That's why professionals choose MegaPress G - the trusted press connection method approved for gas lines 1/2" to 4".

ASPE

Mentoring Program

This program, which is available to all members of the Society, has been designed to connect ASPE members who have a particular skill set (mentor) with individuals (mentee) who are searching to acquire the same skills to develop and make progress toward their personal and professional goals.

Who Is a Mentor?

A mentor is someone who can help the mentee develop skills for success and long-range career planning, is able to be a good listener, is willing to share experiences and views, is willing to commit time and effort, provides an “open door” to questions and problems, points out both strengths and opportunities for improvement, and has a vested interest in the growth and development of their mentee.

Benefits to the mentor:

- Satisfaction in helping someone mature, progress, and achieve goals
- Meeting and sharing experiences with other mentors
- Personal ongoing support to help the mentee succeed
- Personal fulfillment through contribution to the Society and the individual

Who Is a Mentee?

Having a mentor can contribute to a successful and satisfying career. Without a mentor, that learning occurs mostly through trial and error. With a mentor, even experienced professionals can benefit from the experiences and expertise of someone who has withstood the trial and can help the mentee avoid the mistakes. Similarly, those new to the industry will discover that being a mentee shortens the learning curve for acquiring the skills and knowledge most critical to a fruitful career.

Benefits to the mentee:

- Discover new talents about yourself
- Career satisfaction
- Expand your personal network
- Maximize your strengths

CERTIFIED IN PLUMBING DESIGNSM

CERTIFIED IN PLUMBING DESIGN (CPD), administered by the American Society of Plumbing Engineers (ASPE), is the only international certification program specifically for engineers and designers of plumbing systems. Professionals who have the CPD credential are considered to have the highest level of skills in the design and specification of plumbing systems.

EARNING & MAINTAINING THE CPD CREDENTIAL

Am I eligible?

Route 1:

4 year engineering degree + 4 years of work experience designing plumbing systems

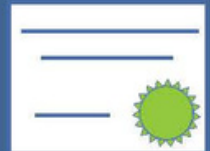

Route 2:

8 years of work experience designing plumbing systems

Other eligibility options:

cpdt

Current CPDT certification counts toward 1 year of experience

PE license counts toward 2 years of experience

When can I take the exam?

The exam is held **annually** in the spring

Registration typically opens in December prior to the exam date

You can register online at education.aspe.org

Where do I take the exam?

The CPD exam is held at **online testing centers** around the world

Did I pass or fail?

Scores are **mailed** 6 to 8 weeks after the exam

Maintaining your CPD credential

- ✓ You must earn 24 hours of continuing education every 2 years
- ✓ You can find recertification details at aspe.org/education-credentialing/cpd/recertification/

For more info:

aspe.org/education-credentialing/cpd/
or email certification@aspe.org

What Is ASPE Connect?

ASPE's newest member benefit! ASPE Connect is an online community where ASPE members can find answers to design questions, build relationships, share successes, brainstorm ideas, and get career advice. You can access ASPE Connect 24/7 from any computer or mobile device.

ASPE CONNECT BY THE NUMBERS

6.62

Average replies per thread

40+

Library resources

55+

New threads per month

420+

Total posts per month

WAYS TO LEVERAGE ASPE CONNECT

1. Get answers to your most pressing questions
2. Build relationships with fellow professionals
3. Offer your advice and knowledge to other members

MOST POPULAR DISCUSSIONS

ASPE members are actively talking about:

- High-rise domestic hot water design
- Grease interceptor sizing
- Revit use for engineers
- Flow in sewer lines
- Medical gas sizing
- CPVC piping

HOW TO GET STARTED

STEP 1

Go to connect.aspe.org

STEP 2

Click the blue "Sign In" button

STEP 3

Select "Confirm your email" and enter your email

STEP 4

After receiving the email, set your password and log in to the community

STEP 5

Fill out your profile

STEP 6

Go to the Open Forum and start connecting!
