What is ASPE?

The **AMERICAN SOCIETY OF PLUMBING ENGINEERS** (ASPE) is the only organization dedicated to promoting the plumbing engineering profession to both enhance career opportunities for our members and ensure the health, safety, and well-being of the public through the design of safe plumbing, drinking water, and sanitation systems.

WHAT WE DO

Provide continuing professional education programs

Publish design manuals, tools, and standards

Host conferences, tradeshow, and networking events

Certify professionals skilled in plumbing system design

Promote safe and sustainable water and sanitation systems

Represent the industry in local and national government

Help develop safe plumbing and building codes and standards

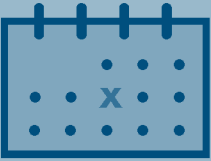

OUR MEMBERS

Our members are individuals working in various professions related to plumbing system design.

← What Is Plumbing Engineering?

Plumbing engineering is a vital part of the design/build construction process. Plumbing engineers use the principles of fluid flow with engineering calculations to design plumbing systems that transport fluids such as water, wastewater, natural gas, and rainwater throughout buildings.

Letter from the President

Hello everyone,

Thanks again for our October lunch n learn to Scott Delany from Delany Products teaching about ball & globe valves & how it applies to flush valve controls. Lunch was sponsored by Randy Vogt and Disney McLane/Delany Products. This month we have Robert Svidron from Intellihot teaching about commercial tankless water heating. Lunch is sponsored by Top Marketing / Intellihot. Just a heads up, for our December lunch n learn we are looking at doing a factory tour for our engineers instead of our usual lunch n learn. We'll keep you posted on that event in an upcoming email. We're also looking at doing a product show instead of our normal lunch n learn for February. If you think you'd like to have a tabletop for it, could you let me know so we can get an idea of numbers so we can get a better idea for the size of a venue.

ASPE news this month: ASPE is partnering with Medgascards.com for a med gas workshop for anyone seeking training required to sit for the ASSE 6060 exam. The November workshop is in person in Dallas or online from Nov 9-12. More info can be found at aspe.org/medgas-workshop. The 2023 version of the Plumbing Engineering Design Handbook Volume 3 is now available and free to download for all members.

See THE KEY THAT STANDS UP FOR THE CONTRACTOR

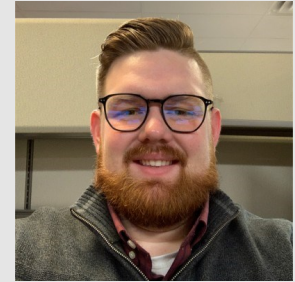

One key tool unlocks the Murdock Maintenance Advantage features on our A171 and A172 water coolers. This tool removes the pushbutton, which automatically stops the water so you can:

- Remove and clean the strainer
- Remove and replace the valve cartridge
- Lower the EZ Door™ and replace the filter.

ALL WITHOUT GETTING DOWN ON THE FLOOR AND REMOVING THE SHROUD.

Tech News Now!

Hello,

This month's meeting will be held on November 16th at the Northside Event & Social Club. We are happy to have Robert Svidron from Intellihot to present to our chapter. Robert will educate us on commercial tankless water heating systems and sizing.

Course Outline:

- Compare and contrast tankless water heating systems vs other types of heating.
- Give information on tankless water heating myths.
- Go over sizing tools and availabilities.

We welcome Robert and look forward to the presentation.

Thank you to our members for their support of our Chapter and look forward to seeing you at the meeting.

*Side note – in lieu of a December CI-ASPE Lunch n Learn, we will be holding a factory tour at Lawler Manufacturing Company on Thursday December 21st . This will be open to all engineers with a limited space, first come first serve. If you have any questions, please contact me.

This course consists of six contact hours and earns 0.6 ICC PPN CEU's. CEU # 1060-38651

Course Description:

Essential Tools for the Code Official includes an update on recent changes to the Indiana Code (Law) regarding the reorganization of the Fire Prevention and Building Safety Commission, future adoption of "Building Codes" and adoption of Local Fire and Building Ordinances.

The objective is to provide the attendee with the tools to find, understand, and apply Indiana's Laws applicable to local building departments and 675 Indiana Administrative Code (IAC) - Rules (Codes) of the Fire Prevention and Building Safety Commission. Additionally, the seminar will provide the attendee an understanding of Industrialized Building Systems, Mobile Structures and Manufactured Homes.

Instructor: Richelle (Shelly) Wakefield, C.B.O

Shelly is the Building Services Team Leader for Jacobi, Toombs and Lanz, Consulting Engineers. Shelly has over 40 years' experience in performing plan review and building inspections on commercial, industrial, multi-family and single-family dwellings, and serves as consultant to several jurisdictions in Indiana and Kentucky.

Shelly started her career in Building Code Enforcement with the City Columbus/Bartholomew County, Indiana on the front lines as a Permit Clerk (1978 to 1983). Shelly was promoted by Herman Darlage, Building Commissioner City of Columbus/Bartholomew County, in 1983 to the position of Field Inspector. Shelly remained a Field Inspector for the City of Columbus/Bartholomew County, Indiana until 1993.

Shelly went from the City of Columbus/Bartholomew County to the Office of the State Building Commissioner in 1993 as a State Field Inspector for various Counties in Southern Indiana. Shelly was promoted to Director of Building Code Enforcement in 1998 and remained in that position until 2005, and she then became the Director of Fire and Building Code Enforcement in the Indiana Department of Homeland Security from 2005 to 2010. Shelly also served as Acting Building Law and Compliance (position formerly known as State Building Commissioner) 2008-2009 and Acting Director of the Plan Review Division 2005-2006. Shelly was Manager of Technical Code Development in 2010, until her retirement in May of 2013.

Upon retirement from IDHS in May of 2013 Shelly joined Jacobi, Toombs and Lanz.

Registration Deadline:

The registration deadline is November 12, 2023 at 11:59 pm. No registrations will be received after November 12 and no walk-ins will be allowed the day of the training.

After registration is successfully submitted a confirmation email will be sent to the email address entered during registration.

Cancellation Policy:

All cancellations must be received in writing no later than November 12, 2023 to avoid penalty. All late cancellations and no shows will be billed \$50. Faxed cancellations must be verified they were received. It is the responsibility of the registrant to make the verification. Emergencies will be dealt with on an individual basis.

After registration is successfully submitted a confirmation email will be sent to the email address entered during registration.

Attendance Notice Regarding Certificates/Funding:

Indiana Association of Building Officials is committed to complying with the requirements of the Division of Fire and Building Safety, as they administer the education fund.

As Indiana Association of Building Officials submits the request for funding on behalf of the membership, IABO will not submit an attendee's name who does NOT attend the entire class; failure to attend the entire class renders that attendee ineligible for funding.

After registration is successfully submitted a confirmation email will be sent to the email address entered during registration.
