What is ASPE?

The **AMERICAN SOCIETY OF PLUMBING ENGINEERS** (ASPE) is the only organization dedicated to promoting the plumbing engineering profession to both enhance career opportunities for our members and ensure the health, safety, and well-being of the public through the design of safe plumbing, drinking water, and sanitation systems.

WHAT WE DO

Provide continuing professional education programs

Publish design manuals, tools, and standards

Host conferences, tradeshows, and networking events

Certify professionals skilled in plumbing system design

Promote safe and sustainable water and sanitation systems

Represent the industry in local and national government

Help develop safe plumbing and building codes and standards

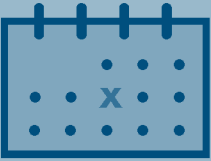

OUR MEMBERS

Our members are individuals working in various professions related to plumbing system design.

← What Is Plumbing Engineering?

Plumbing engineering is a vital part of the design/build construction process. Plumbing engineers use the principles of fluid flow with engineering calculations to design plumbing systems that transport fluids such as water, wastewater, natural gas, and rainwater throughout buildings.

BY THE NUMBERS

Founded in

Staff Members

INDUSTRY PARTNERS

To achieve our goals, ASPE collaborates with the following organizations:

American Backflow Prevention Association	National Institute of Building Sciences
ARCSA	NSF International
ASHRAE	Plumbing Efficiency Research Coalition
ASSE International	Plumbing Industry Leadership Coalition
Canadian Institute of Plumbing & Heating	Plumbing Manufacturers International
CSA Group	United Association
IAPMO	Water Quality Association
International Code Council	World Plumbing Council

HOW YOU CAN GET INVOLVED

Our Chapters host monthly meetings, golf outings, tradeshow, seminars, picnics, baseball outings, and more fun networking events to help local professionals connect.

Letter from the President

Hello everyone,

September is here which marks the beginning of our lunch n learn sessions. This month we welcome Zack Fromm from Jomar talking about balancing valves/circuit setters. Lunch is sponsored by PM Associates. The calendar is starting to fill in but there are still some months open.

September is also Tech Symposium month for ASPE. It will be held in Bellevue WA, from Sept. 28 thru Oct. 1. More info can be found later in this newsletter or at aspe.org/2023-tech-symposium. ASPE will also have registration this month for the Certified Plumbing Design Technician certification. Exams are from October 10-19. More info can be found at education.espe.org.

Lastly, ASPE is partnering with [Medgascards.com](https://medgascards.com) for a med gas workshop. It is in person or

AYP News

AYP Liaison

A large promotional graphic for ASPE Young Professionals. It features a dark background with a large, semi-transparent grey circle on the left. Inside the circle is the ASPE Young Professionals logo. To the right of the circle, the word "Hey!" is written in a large, bold, grey font with a blue exclamation point. Below this, the text "Learn more about our group!" is written in a bold, white font. In the top right corner, there is a QR code and the ZURN logo with the text "Exclusive AYP Sponsor". At the bottom, there is a photograph of five diverse young professionals smiling. In the bottom right corner of the graphic, the CASPE logo (American Society of Plumbing Engineers) is visible. At the very bottom of the graphic, the text "Email ayp@aspe.org and visit aspe.org." is written in a light blue font.

See THE KEY THAT STANDS UP FOR THE CONTRACTOR

One key tool unlocks the Murdock Maintenance Advantage features on our A171 and A172 water coolers. This tool removes the pushbutton, which automatically stops the water so you can:

- Remove and clean the strainer
- Remove and replace the valve cartridge
- Lower the EZ Door™ and replace the filter.

ALL WITHOUT GETTING DOWN ON THE FLOOR AND REMOVING THE SHROUD.

Vice President Technical

VP Technical News

Hello.

This month's meeting will be held on September 21st at the Northside Event & Social Club. We are happy to have Zack Fromm from Jomar Valve to present to our chapter. Zack will educate us on Balancing Valves. This course will provide information on different types of balancing valves that you would see in plumbing or mechanical design applications.

Course Outline:

- Understand the need for domestic hot water balancing
- Allow ability to process balancing critically in a properly designed plumbing or mechanical system
- See theory and math behind finding the flow coefficient
- Knowledge of when to utilize manual, automatic, or thermostatic balancing
- Introduction into pressure independent control valves

We welcome Zack and look forward to the presentation.

Thank you to our members for their support of our Chapter and look forward to seeing you at the meeting.

TechSymposium

September 28 - October 1

REGISTRATION OPENS APRIL

The 2023 ASPE Tech Symposium is a 2 1/2 day conference held at the Hyatt Regency Bellevue in Bellevue, Washington. This is a premier opportunity for plumbing engineers and designers at all career levels to engage in productive technical exchanges and networking to enhance their careers.

At the ASPE Tech Symposium, attendees can choose from a variety of professional development sessions in several tracks to customize their learning experience. Classes are designed to teach participants how to integrate the most current design techniques into their projects, with hands-on calculation and application examples.

To further immerse plumbing industry professionals in the latest engineering innovations, a product show will be running from Thursday afternoon to Friday morning. The industry's top manufacturers will be showcasing their newest products and teaching attendees how to apply them in their plumbing system designs.
