CELEBRATING 50TH ANNIVERSARY

AMERICAN SOCIETY OF PLUMBING
ENGINEERS

40TH ANNIVERSARY

2024 NEXT GEN ALL STAR

“Dale quickly picked up the requisite technical aspect of plumbing engineering. He passed his Certified in Plumbing Design examination within a year of starting in this industry. He has a deep understanding of both traditional and modern plumbing systems, and his ability to troubleshoot and solve complex issues is impressive. His innovative approach to problem-solving, coupled with a meticulous attention to detail has allowed his career to take a steep trajectory. Currently, he is studying to pass the professional engineering exam later this year.

Dale Musgrove
Circle Design Group

2024 NEXT GEN ALL STAR

“Siddharth Bhat joined the industry as a full-time master's graduate in 2019. In the past five years, he has worked extensively with ASPE and achieved many certifications and/or licenses. In 2022, Siddharth achieved the Green Plumbing Designer (GPD) certification from ASPE to become the second person in the state of Indiana to be awarded the certificate (at the time of the certificate being awarded). Siddharth is also a Certified Plumbing Designer among 13 professionals in the state of Indiana when initially certified (2022).”

Siddharth Bhat
DLZ Corp.

Hello everyone,

Thanks to Jim Felker from SJE teaching about ‘control panels for all pumping applications’ for our October lunch n learn sponsored by MMI.

This month we have Jeff Eley from Covalen teaching about ‘pumps and pumping applications’. Be sure to RSVP by Nov. 18th.

Our chapter will be going to Ball State University on Nov. 15th to talk to the construction students about the plumbing industry.

Congrats to our chapter for being awarded the Chapter Award of Merit for the second consecutive year. The award was established by the ASPE board of directors to recognize superior chapter accomplishments based on chapter activity, education, financial aid and plumbing engineering awareness.

ASPE news this month:

- The next medgas workshop will be held on Nov 7-10 online or in person in Exton, PA. See education.aspe.org for more info.
- ASPE is also taking applications for the 2025 Alfred Steele Scholarship. Deadline to enter is Jan. 31, 2025. See aspe.org for more info.

What is ASPE?

The **AMERICAN SOCIETY OF PLUMBING ENGINEERS** (ASPE) is the only organization dedicated to promoting the plumbing engineering profession to both enhance career opportunities for our members and ensure the health, safety, and well-being of the public through the design of safe plumbing, drinking water, and sanitation systems.

WHAT WE DO

Provide continuing professional education programs

Publish design manuals, tools, and standards

Host conferences, tradeshows, and networking events

Certify professionals skilled in plumbing system design

Promote safe and sustainable water and sanitation systems

Represent the industry in local and national government

Help develop safe plumbing and building codes and standards

OUR MEMBERS

Our members are individuals working in various professions related to plumbing system design.

← What Is Plumbing Engineering?

Plumbing engineering is a vital part of the design/build construction process. Plumbing engineers use the principles of fluid flow with engineering calculations to design plumbing systems that transport fluids such as water, wastewater, natural gas, and rainwater throughout buildings.

BY THE NUMBERS

Founded in

1964

Number of Members Worldwide

6,500+

13 Elected Board Positions

66 Local Chapters

20+

Technical Publications

2 Special-Interest Groups for Young Professionals and Women

3 Professional Certification Programs

10 Staff Members

INDUSTRY PARTNERS

To achieve our goals, ASPE collaborates with the following organizations:

American Backflow Prevention Association	National Institute of Building Sciences
ARCSA	NSF International
ASHRAE	Plumbing Efficiency Research Coalition
ASSE International	Plumbing Industry Leadership Coalition
Canadian Institute of Plumbing & Heating	Plumbing Manufacturers International
CSA Group	United Association
IAPMO	Water Quality Association
International Code Council	World Plumbing Council

HOW YOU CAN GET INVOLVED

Our Chapters host monthly meetings, golf outings, tradeshow, seminars, picnics, baseball outings, and more fun networking events to help local professionals connect.

AYP UPDATE

Alex Betz, E.I., CPD
AYP Liaison, CI-ASPE Chapter

Good Afternoon All,

If I could ask one thing of all of you, please send over suggestions for our next social event. In the past we've done things like Go-Karts, Fowling, Axe Throwing, and the like.

A few ideas we've tossed around to get started:

- Brewery, winery, distillery tours
- Indy Fuel Game (Ice Hockey)
- Axe throwing or Topgolf
- Skeet shooting - Indiana Gun Club
- Pacers game (Basketball)
- Drinks and The Lume at the IMA – Arts
- The Hanger - <https://hangarindy.com/about/>

I'll compile our top 3 choices at the end of October and finalize something by Christmas.

Make sure to get your company's other younger members involved and invite them out when you can.

Please let me know if you have any questions, or if you have any suggestions on what I can do to help the AYP.

ASPE
YOUNG
PROFESSIONALS®

Hey!

Learn more about our group!

ASPE Young Professionals (AYP) is dedicated to the needs of plumbing engineers and designers 35 years old and younger. Your local ASPE Chapters have been busy organizing exciting opportunities designed to help you excel in your career, including:

- > Partnerships with other associations
- > Social and networking events
 - > Educational offerings
 - > Mentoring programs

And more!

Exclusive AYP Sponsor

Dale Musgrove, CPD
VPT, CI-ASPE Chapter

Hello everyone,

This month's meeting will be held on November 21st at the Northside Event & Social Club. Jeff Eley will be presenting to our chapter. Jeff will educate us on the pumps; pump 101, pump applications, and everything in between.

We welcome Jeff and all look forward to the presentation. Thank you to our members for their support of our Chapter and look forward to seeing you at the meeting.

Thank you to our members for their support of our Chapter and look forward to seeing you at the meeting.

CERTIFIED IN PLUMBING DESIGNSM

CERTIFIED IN PLUMBING DESIGN (CPD), administered by the American Society of Plumbing Engineers (ASPE), is the only international certification program specifically for engineers and designers of plumbing systems. Professionals who have the CPD credential are considered to have the highest level of skills in the design and specification of plumbing systems.

EARNING & MAINTAINING THE CPD CREDENTIAL

Am I eligible?

Route 1:

4 year engineering degree + 4 years of work experience designing plumbing systems

Route 2:

8 years of work experience designing plumbing systems

Other eligibility options:

cpdt

Current CPDT certification counts toward 1 year of experience

PE license counts toward 2 years of experience

When can I take the exam?

The exam is held **annually** in the spring

Registration typically opens in December prior to the exam date

You can register online at education.aspe.org

Where do I take the exam?

The CPD exam is held at **online testing centers** around the world

Did I pass or fail?

Scores are **mailed** 6 to 8 weeks after the exam

Maintaining your CPD credential

- ✓ You must earn 24 hours of continuing education every 2 years
- ✓ You can find recertification details at aspe.org/education-credentialing/cpd/recertification/

For more info:

aspe.org/education-credentialing/cpd/
or email certification@aspe.org

bigger.**

Connected in quality.

Quick, safe connections on large diameter gas lines.

Viega MegaPress®G requires no open flames or added cost of fire watch, so projects are safer and more profitable. Installers can secure gas pipe up to 4" in 16 seconds or less, saving 60-90% on labor costs. That's why professionals choose MegaPress®G - the trusted press connection method approved for gas lines 1/2" to 4".

ASPE

Mentoring Program

This program, which is available to all members of the Society, has been designed to connect ASPE members who have a particular skill set (mentor) with individuals (mentee) who are searching to acquire the same skills to develop and make progress toward their personal and professional goals.

Who Is a Mentor?

A mentor is someone who can help the mentee develop skills for success and long-range career planning, is able to be a good listener, is willing to share experiences and views, is willing to commit time and effort, provides an “open door” to questions and problems, points out both strengths and opportunities for improvement, and has a vested interest in the growth and development of their mentee.

Benefits to the mentor:

- Satisfaction in helping someone mature, progress, and achieve goals
- Meeting and sharing experiences with other mentors
- Personal ongoing support to help the mentee succeed
- Personal fulfillment through contribution to the Society and the individual

Who Is a Mentee?

Having a mentor can contribute to a successful and satisfying career. Without a mentor, that learning occurs mostly through trial and error. With a mentor, even experienced professionals can benefit from the experiences and expertise of someone who has withstood the trial and can help the mentee avoid the mistakes. Similarly, those new to the industry will discover that being a mentee shortens the learning curve for acquiring the skills and knowledge most critical to a fruitful career.

Benefits to the mentee:

- Discover new talents about yourself
- Career satisfaction
- Expand your personal network
- Maximize your strengths
