Jim Wakelam

James C. Wakelam (Jim), 70, Port Orange, Fl., died March 6th. He was a sales engineer at Aspinal & Associates, retiring in 2015. Previously, Jim served ten years as chief plumbing designer for the Odle, McGuire & Shook Corporation, ten total years as plumbing designer for Moore Engineers, and as president of Lugar Lutron Inc. from 1996 to 2005. Jim is remembered as a gifted salesman and designer, a loving husband and father, and as a walking encyclopedia of rock and roll history. Jim is preceded in death by his father, James A. Wakelam (1996), his mother, Marian Wakelam (2005), and his brother, Ronald Wakelam (2018). He is survived by his wife, Avonda Vance, his daughter, Haley Wakelam, siblings Robert Wakelam, Sheila Wakelam, and Linda Williams, and by his beloved four-legged companions, Penny and Sophia. A celebration of life ceremony is planned for August at the White River Yacht Club.

Philip Shepherd Jr.

May 25, 1952 - March 25, 2025

Obituary for Philip Shepherd Jr.

GREENFIELD – Philip Shepherd Jr., age 72, of Greenfield, Indiana, passed away Tuesday, March 25, 2025 at Clearvista Lake Health Campus in Indianapolis, Indiana. He was born in Indianapolis, Indiana on May 25, 1952 to Philip Sr. and Barbra (Hocker) Shepherd. He graduated from Greenfield Central High School in 1970. Philip received his Mechanical Engineering Technology Degree from Purdue University in 1976. He married Valerie White on October 25, 1975 in Mohawk, Indiana.

He worked full-time for Mussett & Nicholas in Indianapolis as a Mechanical Engineer from 1973 to 1996. He branched out in 1996 and established his own business, Shepherd Engineering Services, in Greenfield. He was the proud owner and operator of his own business until his retirement in 2022. Philip was an active member of the ASPE, ASHRE, Trinity Park, Mohawk Church, Boy Scouts, and 4-H. He was a great outdoors man and enjoyed fishing, hiking, boating, bicycling and camping. He also was great at fixing things and used this skill to help those around him. He loved spending time with his friends and family, especially his grandkids.

He is survived by his wife, Valerie Shepherd; children, Elizabeth Shepherd (Terry Hiles), Sandra Slinker, and David (April) Shepherd; eight grandchildren, Gavin Slinker, Grant Slinker, JR Plank, Bryson Plank, Brenton Plank, Ava Tate, Maggie Shepherd, and Olivia Shepherd; two great-grandchildren, Braelyn Slinker and Alayah Slinker; siblings, James Shepherd and Linda (Roger) Rittenhouse. He was preceded in death by his parents, Philip Sr. and Barbra Shepherd.

Visitation will be held on Friday, March 28, 2025, from 11:00 a.m. until 1:00 p.m. at Erlewein Mortuary & Crematory, 1484 W. US Hwy. 40, Greenfield, IN 46140. A funeral service will be held following the visitation at 1:00 p.m. at the mortuary. Burial will follow at Washington Park East Cemetery in Indianapolis, Indiana.

Friends may share a memory or condolence at www.erleweinmortuary.com.

To send flowers or a memorial gift to the family of Philip Shepherd Jr. please visit our Sympathy Store.

Letter From the President

Joe Keller, CPDT
President, CI-ASPE Chapter

Hello everyone,

Thanks to Larry Goetz from Franklin Electric teaching about ‘value added engineering water softener options’ for our March lunch n learn. This month we have Josh Pedraja from ASPE teaching about ‘medical gas design in the patient and or room’. Be sure to RSVP by April 14th. We will have our joint lunch with ASHRAE on April 8th. More info was sent via email to everyone on how to RSVP. We have our Habitat for Humanity volunteer event next month. More info can be found later in this newsletter on how to sign up. We also have elections next month for the Central Indiana ASPE board for 2025-2027. We currently have no contested positions but are open to anyone wanting to volunteer to join the board.

ASPE news this month:

- The next medgas workshop will be held on July 9-12 online or in person in Broomfield, CO. See education.aspe.org for more info.

What is ASPE?

The **AMERICAN SOCIETY OF PLUMBING ENGINEERS** (ASPE) is the only organization dedicated to promoting the plumbing engineering profession to both enhance career opportunities for our members and ensure the health, safety, and well-being of the public through the design of safe plumbing, drinking water, and sanitation systems.

WHAT WE DO

Provide continuing professional education programs

Publish design manuals, tools, and standards

Host conferences, tradeshows, and networking events

Certify professionals skilled in plumbing system design

Promote safe and sustainable water and sanitation systems

Represent the industry in local and national government

Help develop safe plumbing and building codes and standards

OUR MEMBERS

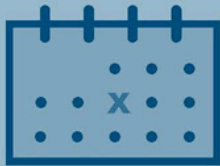

Our members are individuals working in various professions related to plumbing system design.

← What Is Plumbing Engineering?

Plumbing engineering is a vital part of the design/build construction process. Plumbing engineers use the principles of fluid flow with engineering calculations to design plumbing systems that transport fluids such as water, wastewater, natural gas, and rainwater throughout buildings.

Ambassador's Article

Gary Borgmann, CPD
Ambassador, CI-ASPE Chapter

Greetings everyone!

I hope you are all surviving this frigid winter. It reminds me of the cold snowy winters of my younger days growing up on the farm. No matter the weather, chores had to be done and it seemed that once the freezing cold winter set in, it didn't thaw again until April. It was a love hate relationship though. Working in the cold was awful, but playing in the snow, or skating on the ice was fun. That never changes, but you do look back on those times fondly and realize how important those experiences were. Now your saying, okay grandpa, enough of your reminiscing of "the good ole days!"

Once again, we are planning another Habitat for Humanity volunteer day for our members to participate. This is such a great way to give back to our community and I know we all enjoyed the work last year. We will be looking to fill a 12 person team of ASPE members to work at one of Habitat for Humanity's new home builds. We have already selected the date of **Friday May 16th (East Indy location)**.

This should give everyone time to arrange their calendar so they can participate. Below is a link for our volunteers to register, along with some other important information from Habitat for Humanity. As you'll see, this is required of all volunteers.

Central Indiana ASPE Sign-Up Link: <https://vhub.at/indyaspe>

*"Please provide this Volunteer Hub link to your group so they can sign up. Each person is **REQUIRED** to register online. This is how we ensure we have signed liability waivers and correct emergency contact information."*

Ambassador's Article

Gary Borgmann, CPD
Ambassador, CI-ASPE Chapter

A few other things to note:

- Confirmation Details. Everyone will get both a confirmation and reminder email - this has the build site address and other important information. Please read!
- Sign Up Deadline. We ask that you have your group fully registered at least **2 weeks in advance** in order to help our Construction Team plan for enough materials and projects.

To help communicate your volunteer day to your group, feel free to utilize the materials in our toolkit found at this website: <https://indyhabitat.org/toolkit/>.

Let me know if you have any questions! We are grateful for your participation!

Our Chapter will also be making a cash donation to Habitat for Humanity. So, if you might be interested in volunteering a day of your time to a good cause, please contact me or one of the board members and we'll compile a list of volunteers for this event. We're told that this work day will be interior trim work. We'll keep everyone informed of any changes that may arise.

I'd like to thank you very much in advance for your participation!

ASPE

Mentoring Program

This program, which is available to all members of the Society, has been designed to connect ASPE members who have a particular skill set (mentor) with individuals (mentee) who are searching to acquire the same skills to develop and make progress toward their personal and professional goals.

Who Is a Mentor?

A mentor is someone who can help the mentee develop skills for success and long-range career planning, is able to be a good listener, is willing to share experiences and views, is willing to commit time and effort, provides an “open door” to questions and problems, points out both strengths and opportunities for improvement, and has a vested interest in the growth and development of their mentee.

Benefits to the mentor:

- Satisfaction in helping someone mature, progress, and achieve goals
- Meeting and sharing experiences with other mentors
- Personal ongoing support to help the mentee succeed
- Personal fulfillment through contribution to the Society and the individual

Who Is a Mentee?

Having a mentor can contribute to a successful and satisfying career. Without a mentor, that learning occurs mostly through trial and error. With a mentor, even experienced professionals can benefit from the experiences and expertise of someone who has withstood the trial and can help the mentee avoid the mistakes. Similarly, those new to the industry will discover that being a mentee shortens the learning curve for acquiring the skills and knowledge most critical to a fruitful career.

Benefits to the mentee:

- Discover new talents about yourself
- Career satisfaction
- Expand your personal network
- Maximize your strengths

AYP UPDATE

Alex Betz, E.I., CPD
AYP Liaison, CI-ASPE Chapter

Hello everyone,

The Next Tech Symposium is in Orlando, Florida from September 24th-28th. Next convention and expo is in 2026 in Oklahoma City. Both events are a ways out, but always good to get it on the books.

A reminder to follow the [Central Indiana ASPE Linked-In page](#) so you can stay up to date with all of the latest news from our chapter.

If you know of anyone out there who isn't yet part of ASPE, please invite them to some of our events. I believe anyone under 35 that joins, is automatically invited to AYP.

Tech News Now!

Dale Musgrove, CPD
VPT, CI-ASPE Chapter

Hello everyone,

This month's meeting will be held on April 17th at the Northside Event & Social Club. We are happy to have Josh Pedraja, the ASPE Director of Education & Certification, to present to our chapter. Josh will present to our chapter about medical gas pipeline design for the patient room and operating room with zone valve boxes, alarms, outlets and more. It covers basics for the beginning designer and covers details for the more experienced designer.

Thank you to our members for their support of our Chapter and look forward to seeing you at the meeting.

CERTIFIED IN PLUMBING DESIGNSM

CERTIFIED IN PLUMBING DESIGN (CPD), administered by the American Society of Plumbing Engineers (ASPE), is the only international certification program specifically for engineers and designers of plumbing systems. Professionals who have the CPD credential are considered to have the highest level of skills in the design and specification of plumbing systems.

EARNING & MAINTAINING THE CPD CREDENTIAL

Am I eligible?

Route 1:

4 year engineering degree + 4 years of work experience designing plumbing systems

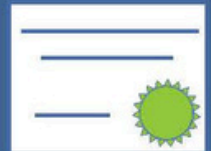

Route 2:

8 years of work experience designing plumbing systems

Other eligibility options:

cpdt

Current CPDT certification counts toward 1 year of experience

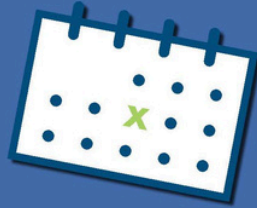

PE license counts toward 2 years of experience

When can I take the exam?

The exam is held **annually** in the spring

Registration typically opens in December prior to the exam date

You can register online at education.aspe.org

Where do I take the exam?

The CPD exam is held at **online testing centers** around the world

Did I pass or fail?

Scores are **mailed** 6 to 8 weeks after the exam

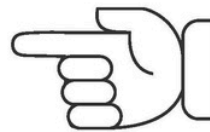

Maintaining your CPD credential

- ✓ You must earn 24 hours of continuing education every 2 years
- ✓ You can find recertification details at aspe.org/education-credentialing/cpd/recertification/

For more info:

aspe.org/education-credentialing/cpd/
or email certification@aspe.org
