Bill Dellinger

APR 28, 1942 - FEB 6, 2025

Bill Dellinger, 82, of Phoenix, Arizona, passed away on February 6, 2025. He was born in 1942 in Altamont, North Carolina, to Bertha Dellinger. Bill grew up in North Carolina and graduated from Avery High School in 1960. He proudly served in the U.S. Army from 1961 to 1964 before continuing his education at the University of Wisconsin-Milwaukee, where he earned his degree in 1969. In 1979, Bill founded RCI Sales and Marketing, a successful sales organization for plumbing products. He was actively involved in the American Society of Plumbing Engineers and the Plumbing Heating Cooling Contractors of Indiana. After a distinguished career, he retired in 2004. Bill was a member of the Delta Chi fraternity during college, coached Little League, and served as president of the Master Gardeners of Fishers. He enjoyed playing golf and watching sports, sharing these passions with family and friends. He is survived by his loving wife, Barbara Merchant, of Phoenix, Arizona; his son, Shawn Dellinger, and daughter-in-law, Carol; his grandchildren, Griffin Dellinger and Rhiannon Dellinger; and his sister, Janice Brewer. A memorial service will be held at 11:00 am on Saturday, February 22, 2025, at Stameytown Baptist Church in Newland, North Carolina. Bill's love, laughter, and dedication to family and community will be deeply missed by all who knew him. Words of Comfort and Memories may be shared with the Dellinger family by visiting our website www.rsfh.net The care of Bill and his family has been entrusted to Reins-Sturdivant Funeral Home of Newland. Hello everyone,

Thanks to Travis McKnight from Haws Corporation teaching about 'hydration station / safety showers' for our February lunch n learn. This month we have Larry Goetz from Franklin Electric teaching about 'value added engineering water softener options'. Be sure to RSVP by March 17th.

We had our product show last month. Thanks to everyone who attended and to all of the manufacturers that represented with a table top. We will also have our AYP hockey game event this month on March 21st. More info can be seen on the flyer in this newsletter. We will also have our joint luncheon with ASHRAE on April 8th. More info to come on how to rsvp to this event thru ASHRAE.

ASPE news this month:

- ASPE is also looking for presentation proposals for the 2025 ASPE Tech Symposium on Sept 24-28 in Orlando, FL. See aspe.org/education-credentialing/ for more info.
- The next medgas workshop will be held on March 20-23 online or in person in Rosemont, IL. See education.aspe.org for more info.
- Registration is open for the 2025 CPD exam. Exam dates are April 7-18. Deadline to register is April 1. See education.aspe.org for more info.

What is ASPE?

The **AMERICAN SOCIETY OF PLUMBING ENGINEERS** (ASPE) is the only organization dedicated to promoting the plumbing engineering profession to both enhance career opportunities for our members and ensure the health, safety, and well-being of the public through the design of safe plumbing, drinking water, and sanitation systems.

WHAT WE DO

Provide continuing professional education programs

Publish design manuals, tools, and standards

Host conferences, tradeshows, and networking events

Certify professionals skilled in plumbing system design

Promote safe and sustainable water and sanitation systems

Represent the industry in local and national government

Help develop safe plumbing and building codes and standards

OUR MEMBERS

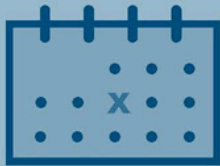

Our members are individuals working in various professions related to plumbing system design.

← What Is Plumbing Engineering?

Plumbing engineering is a vital part of the design/build construction process. Plumbing engineers use the principles of fluid flow with engineering calculations to design plumbing systems that transport fluids such as water, wastewater, natural gas, and rainwater throughout buildings.

Ambassador's Article

Gary Borgmann, CPD
Ambassador, CI-ASPE Chapter

Greetings everyone!

I hope you are all surviving this frigid winter. It reminds me of the cold snowy winters of my younger days growing up on the farm. No matter the weather, chores had to be done and it seemed that once the freezing cold winter set in, it didn't thaw again until April. It was a love hate relationship though. Working in the cold was awful, but playing in the snow, or skating on the ice was fun. That never changes, but you do look back on those times fondly and realize how important those experiences were. Now your saying, okay grandpa, enough of your reminiscing of "the good ole days!"

Once again, we are planning another Habitat for Humanity volunteer day for our members to participate. This is such a great way to give back to our community and I know we all enjoyed the work last year. We will be looking to fill a 12 person team of ASPE members to work at one of Habitat for Humanity's new home builds. We have already selected the date of **Friday May 16th (East Indy location)**.

This should give everyone time to arrange their calendar so they can participate. Below is a link for our volunteers to register, along with some other important information from Habitat for Humanity. As you'll see, this is required of all volunteers.

Central Indiana ASPE Sign-Up Link: <https://vhub.at/indyaspe>

*"Please provide this Volunteer Hub link to your group so they can sign up. Each person is **REQUIRED** to register online. This is how we ensure we have signed liability waivers and correct emergency contact information."*

Ambassador's Article

Gary Borgmann, CPD
Ambassador, CI-ASPE Chapter

A few other things to note:

- Confirmation Details. Everyone will get both a confirmation and reminder email - this has the build site address and other important information. Please read!
- Sign Up Deadline. We ask that you have your group fully registered at least **2 weeks in advance** in order to help our Construction Team plan for enough materials and projects.

To help communicate your volunteer day to your group, feel free to utilize the materials in our toolkit found at this website: <https://indyhabitat.org/toolkit/>.

Let me know if you have any questions! We are grateful for your participation!

Our Chapter will also be making a cash donation to Habitat for Humanity. So, if you might be interested in volunteering a day of your time to a good cause, please contact me or one of the board members and we'll compile a list of volunteers for this event. We're told that this work day will be interior trim work. We'll keep everyone informed of any changes that may arise.

I'd like to thank you very much in advance for your participation!

ASPE

Mentoring Program

This program, which is available to all members of the Society, has been designed to connect ASPE members who have a particular skill set (mentor) with individuals (mentee) who are searching to acquire the same skills to develop and make progress toward their personal and professional goals.

Who Is a Mentor?

A mentor is someone who can help the mentee develop skills for success and long-range career planning, is able to be a good listener, is willing to share experiences and views, is willing to commit time and effort, provides an “open door” to questions and problems, points out both strengths and opportunities for improvement, and has a vested interest in the growth and development of their mentee.

Benefits to the mentor:

- Satisfaction in helping someone mature, progress, and achieve goals
- Meeting and sharing experiences with other mentors
- Personal ongoing support to help the mentee succeed
- Personal fulfillment through contribution to the Society and the individual

Who Is a Mentee?

Having a mentor can contribute to a successful and satisfying career. Without a mentor, that learning occurs mostly through trial and error. With a mentor, even experienced professionals can benefit from the experiences and expertise of someone who has withstood the trial and can help the mentee avoid the mistakes. Similarly, those new to the industry will discover that being a mentee shortens the learning curve for acquiring the skills and knowledge most critical to a fruitful career.

Benefits to the mentee:

- Discover new talents about yourself
- Career satisfaction
- Expand your personal network
- Maximize your strengths

AYP UPDATE

Alex Betz, E.I., CPD
AYP Liaison, CI-ASPE Chapter

Hello everyone,

The next biggest thing is our annual AYP social event. As stated last time this will be an Indy Fuel game at the new Fishers Event Center ([Fishers Event Center, 11000 Stockdale Street, Fishers, IN 46037](#)). The game will be on Friday March 21st with doors opening at 6:00 and puck drop at 7:00. The Fuel will be playing the Cincinnati Cyclones. We will have 50 tickets available for one of the new Party Decks. Please email me to reserve your ticket ASAP. This event has been graciously sponsored by Viega and Covalen. Many thanks to them for all the support they give to our ASPE and AYP chapters. Looking forward to seeing everyone there.

The Next Tech Symposium is in Orlando, Florida from September 24th-28th. Next convention and expo is in 2026 in Oklahoma City. Both events are a ways out, but always good to get it on the books.

A reminder to follow the [Central Indiana ASPE Linked-In page](#) so you can stay up to date with all of the latest news from our chapter.

If you know of any one out there who isn't yet part of ASPE, please invite them to some of our events. I believe anyone under 35 that joins, is automatically invited to AYP.

AYP UPDATE

Alex Betz, E.I., CPD
AYP Liaison, CI-ASPE Chapter

Some other upcoming events of note:

- Regularly scheduled ASPE meetings are continuing until May 2025. Next session is in March on the 20th, we have “Value Added Engineering, Water Softener Options” by Franklin Water Treatment. And the last scheduled Lunch and learn as of today is on April 17th where we will have “Miro – Roof Supports/Pipe Supports” by Top Marketing. As always, these are all held at the Northside Events and Social Club located at [2100 71st Street, Indianapolis, IN 46220](#).
- I’m still looking to get a meet up with some of you in a less formal setting. Just to get connections going and keep up some comradery in the Plumbing community. I was thinking about sometime before or during summer, meeting up at Tapper’s or something like that. Anyway, let me know what people are feeling or if something like that appeals to anyone.
- The Central Indiana chapter is volunteering at Habitat for Humanity again this year and we are looking for more volunteers to help out. It will take place on May 16th, from 8:15-2:30. Anyone from ASPE can sign up for the event so head to this link to sign up: <https://indyaspe.org/meetinginfo.php> More information to come as we get closer.

Please let me know if you have any questions, or if you have any suggestions on what I can do to help the AYP.

Tech News Now!

Dale Musgrove, CPD
VPT, CI-ASPE Chapter

Hello everyone,

This month's meeting will be held on November 20th at the Northside Event & Social Club. Larry Goetz and Chelsi Sims will be presenting to our chapter. They will educate us on the following:

- Basic water softener sizing
- How to deal with pressure issues
- How to determine what configuration best fits your project
 - Single
 - Duplex
 - Triplex
 - Etc.
- How to select salt tank
- When is a bulk brine system justified.

We welcome Larry & Chelsi and all look forward to the presentation. Thank you to our members for their support of our Chapter and look forward to seeing you at the meeting.

CERTIFIED IN PLUMBING DESIGNSM

CERTIFIED IN PLUMBING DESIGN (CPD), administered by the American Society of Plumbing Engineers (ASPE), is the only international certification program specifically for engineers and designers of plumbing systems. Professionals who have the CPD credential are considered to have the highest level of skills in the design and specification of plumbing systems.

EARNING & MAINTAINING THE CPD CREDENTIAL

Am I eligible?

Route 1:

4 year engineering degree + 4 years of work experience designing plumbing systems

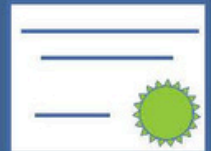

Route 2:

8 years of work experience designing plumbing systems

Other eligibility options:

cpdt

Current CPDT certification counts toward 1 year of experience

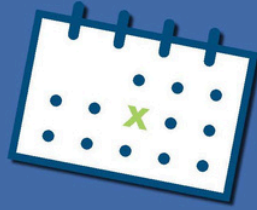

PE license counts toward 2 years of experience

When can I take the exam?

The exam is held **annually** in the spring

Registration typically opens in December prior to the exam date

You can register online at education.aspe.org

Where do I take the exam?

The CPD exam is held at **online testing centers** around the world

Did I pass or fail?

Scores are **mailed** 6 to 8 weeks after the exam

Maintaining your CPD credential

- ✓ You must earn 24 hours of continuing education every 2 years
- ✓ You can find recertification details at aspe.org/education-credentialing/cpd/recertification/

For more info:

aspe.org/education-credentialing/cpd/
or email certification@aspe.org

CI-ASPE 2ND ANNUAL PRODUCT SHOW

February 2025

27

Central Indiana ASPE 2nd Annual Product Show A Success

Central Indiana ASPE Chapter held its 2nd Annual Product Show on Thursday February 27th at Northside Events and Social Club. The afternoon / evening show was a success. We grew in numbers both vendors and attendees. If you weren't able to make it, you really missed out on a great event. Being able to network with the local Reps, Distributors and Manufacturers was the main objective and also learning about the products that they represent. This year we had over 30 vendors set up with products on display. I would like to thank each one of them for participating in the event.

The evening was full of prize giveaways and ended with our two \$500 CASH Grand Prizes. Each attendee was given a vendor card to get signed at each table they visited as well as a raffle ticket for one or more of over 30 door prizes. This year our two \$500 cash winners, randomly selected from the card box, were Kipp Cox with KBSO and Mike Joiner with Performance Services.

The product show filled both rooms at the Northside Events Center so we may have to look into a larger space for this growing event. Attendees and Vendors enjoyed an open hors d'oeuvres buffet along with beverages from the bar throughout the night. Thank you to Northside Events Center for hosting our event again this year.

Special Thank You to our Participating Vendors

What Is ASPE Connect?

ASPE's newest member benefit! ASPE Connect is an online community where ASPE members can find answers to design questions, build relationships, share successes, brainstorm ideas, and get career advice. You can access ASPE Connect 24/7 from any computer or mobile device.

ASPE CONNECT BY THE NUMBERS

6.62

Average replies per thread

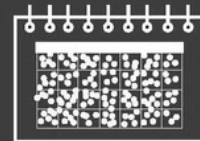

40+

Library resources

55+

New threads per month

420+

Total posts per month

WAYS TO LEVERAGE ASPE CONNECT

1. Get answers to your most pressing questions
2. Build relationships with fellow professionals
3. Offer your advice and knowledge to other members

MOST POPULAR DISCUSSIONS

ASPE members are actively talking about:

- High-rise domestic hot water design
- Grease interceptor sizing
- Revit use for engineers
- Flow in sewer lines
- Medical gas sizing
- CPVC piping

HOW TO GET STARTED

STEP 1

Go to connect.aspe.org

STEP 2

Click the blue "Sign In" button

STEP 3

Select "Confirm your email" and enter your email

STEP 4

After receiving the email, set your password and log in to the community

STEP 5

Fill out your profile

STEP 6

Go to the Open Forum and start connecting!

MegaPress®G
Press safer.
**Press
bigger.**

Connected in quality.

Quick, safe connections on large diameter gas lines.

Viega MegaPress®G requires no open flames or added cost of fire watch, so projects are safer and more profitable. Installers can secure gas pipe up to 4" in 16 seconds or less, saving 60-90% on labor costs. That's why professionals choose MegaPress®G - the trusted press connection method approved for gas lines 1/2" to 4".
