Hello everyone,

We will be starting our monthly tech sessions this month. See below for information on our September meeting. We ask for RSVP's by Sept. 15th.

Looking forward to seeing everyone there!

Additional ASPE News this month:

- The 2025 Tech Symposium is going to be held in Orlando, Florida September 24-28.
 - Visit the website or link here to register. <https://aspe.org/2025-aspe-tech-symposium/>
- The upcoming date for the in-person 2025 MedGas Workshop are below:
- November 13-16, Rosemont (Chicago), Illinois
 - Visit the website and login to register, <https://aspe.org/medgas-workshop/>
- There is also a self-paced online version of the MedGas Workshop for those who desire.
- Registration is open for the next CPDT exam. Exam dates are set for October 13th-October 24th.
 - Visit Education & Credentialing at <https://aspe.org/> for more eligibility requirements and registration information.

What is ASPE?

The **AMERICAN SOCIETY OF PLUMBING ENGINEERS** (ASPE) is the only organization dedicated to promoting the plumbing engineering profession to both enhance career opportunities for our members and ensure the health, safety, and well-being of the public through the design of safe plumbing, drinking water, and sanitation systems.

WHAT WE DO

Provide continuing professional education programs

Publish design manuals, tools, and standards

Host conferences, tradeshows, and networking events

Certify professionals skilled in plumbing system design

Promote safe and sustainable water and sanitation systems

Represent the industry in local and national government

Help develop safe plumbing and building codes and standards

OUR MEMBERS

Our members are individuals working in various professions related to plumbing system design.

← What Is Plumbing Engineering?

Plumbing engineering is a vital part of the design/build construction process. Plumbing engineers use the principles of fluid flow with engineering calculations to design plumbing systems that transport fluids such as water, wastewater, natural gas, and rainwater throughout buildings.

BY THE NUMBERS

Founded in

ASPE

Mentoring Program

This program, which is available to all members of the Society, has been designed to connect ASPE members who have a particular skill set (mentor) with individuals (mentee) who are searching to acquire the same skills to develop and make progress toward their personal and professional goals.

Who Is a Mentor?

A mentor is someone who can help the mentee develop skills for success and long-range career planning, is able to be a good listener, is willing to share experiences and views, is willing to commit time and effort, provides an “open door” to questions and problems, points out both strengths and opportunities for improvement, and has a vested interest in the growth and development of their mentee.

Benefits to the mentor:

- Satisfaction in helping someone mature, progress, and achieve goals
- Meeting and sharing experiences with other mentors
- Personal ongoing support to help the mentee succeed
- Personal fulfillment through contribution to the Society and the individual

Who Is a Mentee?

Having a mentor can contribute to a successful and satisfying career. Without a mentor, that learning occurs mostly through trial and error. With a mentor, even experienced professionals can benefit from the experiences and expertise of someone who has withstood the trial and can help the mentee avoid the mistakes. Similarly, those new to the industry will discover that being a mentee shortens the learning curve for acquiring the skills and knowledge most critical to a fruitful career.

Benefits to the mentee:

- Discover new talents about yourself
- Career satisfaction
- Expand your personal network
- Maximize your strengths

Good Afternoon Everyone,

Hope you've all enjoyed summer and are all doing well. Few announcements for AYP and WOA.

Region 3 AYP is having a Webinar to be held on 10/15. This will have CEU's for those that need them. Please see the link to the Linked-in post announcement ([Click Here](#)).

A reminder to follow the [Central Indiana ASPE Linked-In page](#) so you can stay up to date with all of the latest news from our chapter.

If you know of any one out there who isn't yet part of ASPE, please invite them to some of our events. I believe anyone under 35 that joins, is automatically invited to AYP.

Tech News Now!

Alex Betz, PE, CPD
AYP Liaison, CI-ASPE Chapter

Some other upcoming events of note:

- Regularly scheduled ASPE meetings are starting back up on September 18th and will be continuing every third Thursday until May 2026. Next session is “Installation and Troubleshooting of Gas Regulators” with ECCO and Mike Smith. Next on October 16th we will have “Miro – Roof Supports/Pipe Supports” by Top Marketing. On November 20th we will have “Nyle Heat Pump Water Heaters” by Bryce Malon. In December, “Fire Pump Controllers” by Charles McDonald. As always, these are all held at the Northside Events and Social Club located at [2100 71st Street, Indianapolis, IN 46220](#).
- An upcoming Tour of Ryan Fire Protection will happen sometime in October. Date and Time are TBD.
- Looking to have our annual AYP and WOA outing next February during Engineers week. If anyone has any ideas, please let me know.
- I’m still looking to get a meet up with some of you in a less formal setting. Just to get connections going and keep up some comradery in the Plumbing community. Anyway, let me know what people are feeling or if something like that appeals to anyone.

Please let me know if you have any questions, or if you have any suggestions on what I can do to help the AYP.

CERTIFIED IN PLUMBING DESIGNSM

CERTIFIED IN PLUMBING DESIGN (CPD), administered by the American Society of Plumbing Engineers (ASPE), is the only international certification program specifically for engineers and designers of plumbing systems. Professionals who have the CPD credential are considered to have the highest level of skills in the design and specification of plumbing systems.

EARNING & MAINTAINING THE CPD CREDENTIAL

Am I eligible?

Route 1:

4 year engineering degree + 4 years of work experience designing plumbing systems

Route 2:

8 years of work experience designing plumbing systems

Other eligibility options:

cpdt

Current CPDT certification counts toward 1 year of experience

PE license counts toward 2 years of experience

When can I take the exam?

The exam is held **annually** in the spring

Registration typically opens in December prior to the exam date

You can register online at education.aspe.org

Where do I take the exam?

The CPD exam is held at **online testing centers** around the world

Did I pass or fail?

Scores are **mailed** 6 to 8 weeks after the exam

Maintaining your CPD credential

- ✓ You must earn 24 hours of continuing education every 2 years
- ✓ You can find recertification details at aspe.org/education-credentialing/cpd/recertification/

For more info:

aspe.org/education-credentialing/cpd/
or email certification@aspe.org

WAYS TO LEVERAGE ASPE CONNECT

1. Get answers to your most pressing questions
2. Build relationships with fellow professionals
3. Offer your advice and knowledge to other members

MOST POPULAR DISCUSSIONS

ASPE members are actively talking about:

- High-rise domestic hot water design
- Grease interceptor sizing
- Revit use for engineers
- Flow in sewer lines
- Medical gas sizing
- CPVC piping

HOW TO GET STARTED

STEP 1

Go to connect.aspe.org

STEP 2

Click the blue "Sign In" button

STEP 3

Select "Confirm your email" and enter your email

STEP 4

After receiving the email, set your password and log in to the community

STEP 5

Fill out your profile

STEP 6

Go to the Open Forum and start connecting!

MegaPress®G
Press safer.
**Press
bigger.**

Connected in quality.

Quick, safe connections on large diameter gas lines.

Viega MegaPress®G requires no open flames or added cost of fire watch, so projects are safer and more profitable. Installers can secure gas pipe up to 4" in 16 seconds or less, saving 60-90% on labor costs. That's why professionals choose MegaPress®G - the trusted press connection method approved for gas lines 1/2" to 4".

- Mar.2026- OPEN
- Apr. 2026- OPEN
- May 2026- OPEN

VP Legislative Report- Joe Siebert-Nothing new to report at this time (No new code changes or licensing changes)

Ambassador Report-Gary Borgmann (Nothing new to report at this time).

Presidents Meeting Notes-Dale Musgrove

- The Western Michigan chapter held the meeting and planning on Toronto next year but may be conflict with other events. Looking at moving date or location to (Buffalo?)
- Discussed creating an ASPE events calendar covering the nation
 - Trying to open up events to people while they travel
 - Have to keep schedule update across all chapters consistently
- Creating a library to hold historic pictures, notes, etc. so that the chapters do not have to be funded individually
- Discussed product shows, recommended doing the show every 2-3 years vs. yearly to help keep things fresh.

Member Appreciation-

- Nothing to report at this time.

Update Chapter Officers-

- Nothing new at this time.

Networking/Internet Outreach-Mike Faust-

- Update-159 members to our Linked-In Page, let's keep reposting posts to grow our membership
- Our page posts received 1507 impressions and 57 reactions, which is our highest total YTD
- Keep up the good work by re-posting our newsletters or any other ASPE Chapter News.

ASPE Design/Engineering (Scholarship Program) Tabled till "2026" at this time.

- **Update, side bar this topic right now, we need to investigate tax implication to the recipient and Chapter providing possible scholarship. The motion was voted on and approved by all present chapter members.**
- Discussed the creation of TWO scholarships at \$1500 dollars each for future presentation to any student starting their education in the design or engineering fields. We are tentatively planning to reward them during the month of May 2024. The board will continue to work on logistics and requirements for future applicants. More information to come from the board in the next couple of months.

Upcoming Events

- Tech Symposium Sept 24th through 28th Orlando Florida

Plumbing Design "101"- (Tabled for future discussion)

- Discussed offering a training program in the future, going to reach out to the Eastern Michigan Chapter for guidance and Celebes if available.

New Business:

Any interest in joining up with "ISA" doing to joint tabletop vendor event next March 11 th, 2026

Meeting adjourned at 12:45 PM, next board meeting Sept. 11th, 2025, BDA Office 12:00 am
