Letter From the President

Dale Musgrove, CPD
President, CI-ASPE Chapter

Hello Everyone,

As we welcome October, it's hard to believe how quickly the year is moving along. I would like to thank everyone who helped make our September technical session a success as we continue our mission of advancing plumbing engineering knowledge throughout our chapter.

With a full schedule of upcoming meetings, educational programs, and networking events, I encourage all members to stay engaged and take advantage of the opportunities our chapter has to offer. The strength of ASPE comes from the involvement and dedication of its members, and I appreciate the continued support of our local chapter.

Thank you for being a part of ASPE Central Indiana. I look forward to seeing many of you at our upcoming events as we finish the year strong.

ASPE News & Opportunities

- November 12-15, Rosemont (Chicago), Illinois, Instructor: Mathis Carlson
 - [Register on ASPE Education](#)

Upcoming Events:

- 2026 ASPE Convention & Expo - October 8-14, Oklahoma City, Oklahoma

Technical Resources:

- [ASPE Connect](#): Don't forget to use ASPE Connect for technical discussions and networking with peers nationwide.
- [Education & Training](#): Check out ASPE's webinars and on-demand courses to stay ahead in your professional development.

Stay engaged, stay informed, and thank you for being an active part of our ASPE community!

American Society of Plumbing Engineers

What is ASPE?

The **AMERICAN SOCIETY OF PLUMBING ENGINEERS** (ASPE) is the only organization dedicated to promoting the plumbing engineering profession to both enhance career opportunities for our members and ensure the health, safety, and well-being of the public through the design of safe plumbing, drinking water, and sanitation systems.

WHAT WE DO

Provide continuing professional education programs

Publish design manuals, tools, and standards

Host conferences, tradeshow, and networking events

Certify professionals skilled in plumbing system design

Promote safe and sustainable water and sanitation systems

Represent the industry in local and national government

Help develop safe plumbing and building codes and standards

OUR MEMBERS

Our members are individuals working in various professions related to plumbing system design.

What Is Plumbing Engineering?

Plumbing engineering is a vital part of the design/build construction process. Plumbing engineers use the principles of fluid flow with engineering calculations to design plumbing systems that transport fluids such as water, wastewater, natural gas, and rainwater throughout buildings.

INDUSTRY PARTNERS

To achieve our goals, ASPE collaborates with the following organizations:

American Backflow Prevention Association	National Institute of Building Sciences
ARCSA	NSF International
ASHRAE	Plumbing Efficiency Research Coalition
ASSE International	Plumbing Industry Leadership Coalition
Canadian Institute of Plumbing & Heating	Plumbing Manufacturers International
CSA Group	United Association
IAPMO	Water Quality Association
International Code Council	World Plumbing Council

HOW YOU CAN GET INVOLVED

Our Chapters host monthly meetings, golf outings, tradeshow, seminars, picnics, baseball outings, and more fun networking events to help local professionals connect.

ASPE Mentoring Program

This program, which is available to all members of the Society, has been designed to connect ASPE members who have a particular skill set (mentor) with individuals (mentee) who are searching to acquire the same skills to develop and make progress toward their personal and professional goals.

Who Is a Mentor?

A mentor is someone who can help the mentee develop skills for success and long-range career planning, is able to be a good listener, is willing to share experiences and views, is willing to commit time and effort, provides an “open door” to questions and problems, points out both strengths and opportunities for improvement, and has a vested interest in the growth and development of their mentee.

Benefits to the mentor:

- Satisfaction in helping someone mature, progress, and achieve goals
- Meeting and sharing experiences with other mentors
- Personal ongoing support to help the mentee succeed
- Personal fulfillment through contribution to the Society and the individual

Who Is a Mentee?

Having a mentor can contribute to a successful and satisfying career. Without a mentor, that learning occurs mostly through trial and error. With a mentor, even experienced professionals can benefit from the experiences and expertise of someone who has withstood the trial and can help the mentee avoid the mistakes. Similarly, those new to the industry will discover that being a mentee shortens the learning curve for acquiring the skills and knowledge most critical to a fruitful career.

Benefits to the mentee:

- Discover new talents about yourself
- Career satisfaction
- Expand your personal network
- Maximize your strengths

AYP UPDATE

Alex Betz, E.I., CPD
AYP Liaison, CI-ASPE Chapter

Hello everyone,

A reminder to follow the [Central Indiana ASPE Linked-In page](#) so you can stay up to date with all of the latest news from our chapter.

Mark your calendars for February 26, 2027! Celebrating Engineers Week with a night at the Indy Fuel Hockey Game. Doors open at 6 PM. Puck drop at 7 PM. More information on how to reserve your seat to come.

If you know of anyone out there who isn't yet part of ASPE, please invite them to some of our events. I believe anyone under 35 that joins, is automatically invited to AYP.

CERTIFIED IN PLUMBING DESIGN (CPD), administered by the American Society of Plumbing Engineers (ASPE), is the only international certification program specifically for engineers and designers of plumbing systems. Professionals who have the CPD credential are considered to have the highest level of skills in the design and specification of plumbing systems.

EARNING & MAINTAINING THE CPD CREDENTIAL

Am I eligible?

Route 1:

4 **year** engineering degree + 4 years of work experience designing plumbing systems

Route 2:

8 **years** of work experience designing plumbing systems

Other eligibility options:

Current CPDT certification counts toward 1 year of experience

PE license counts toward 2 years of experience

When can I take the exam?

The exam is held **annually** in the spring

Registration typically opens in December prior to the exam date

You can register online at education.aspe.org

Where do I take the exam?

The CPD exam is held at **online testing centers** around the world

Did I pass or fail?

Scores are **mailed** 6 to 8 weeks after the exam

Maintaining your CPD credential

- ✓ You must earn 24 hours of continuing education every 2 years
- ✓ You can find recertification details at aspe.org/education-credentialing/cpd/recertification/

For more info:

aspe.org/education-credentialing/cpd/
or email certification@aspe.org

HAPPY RETIREMENT, GERRY!

Celebrating more than five decades of dedication to plumbing engineering and ASPE.

A Career of Dedication

After beginning his career in the mid-1960s following his military service, Gerry Richey built an impressive career in plumbing and fire protection system design. While working full time, Gerry attended IUPUI during evenings and weekends to earn his degree.

Since joining Circle Design Group in 2003, Gerry has contributed to the design and supervision of plumbing systems for a wide variety of building types. His extensive experience and understanding of how projects come together have made him an invaluable resource and mentor to those around him.

Gerry has also been a dedicated member of the Central Indiana Chapter of ASPE since 1974 — more than five decades of involvement with the organization and the plumbing engineering profession.

Congratulations to Gerry Richey on his retirement!

GERRY'S CAREER AT A GLANCE

CONGRATULATIONS, GERRY!

Thank you for more than five decades of dedication to our profession and ASPE. We wish you good health, happiness, relaxation, and plenty of time to enjoy family, camping, woodworking, and this exciting new chapter.

Enjoy your retirement — you've certainly earned it.
